VIII. TALL TALK

Foreword

In commemoration of Texas statehood, 1846-1946, the Senior Class of 1946 sets in print our Hi Park's relation to our Texas. It is our hope that this theme will help all Hi Parkers to realize their place in the Texas sun.

SUSIE SMITH
Editor-in-Chief

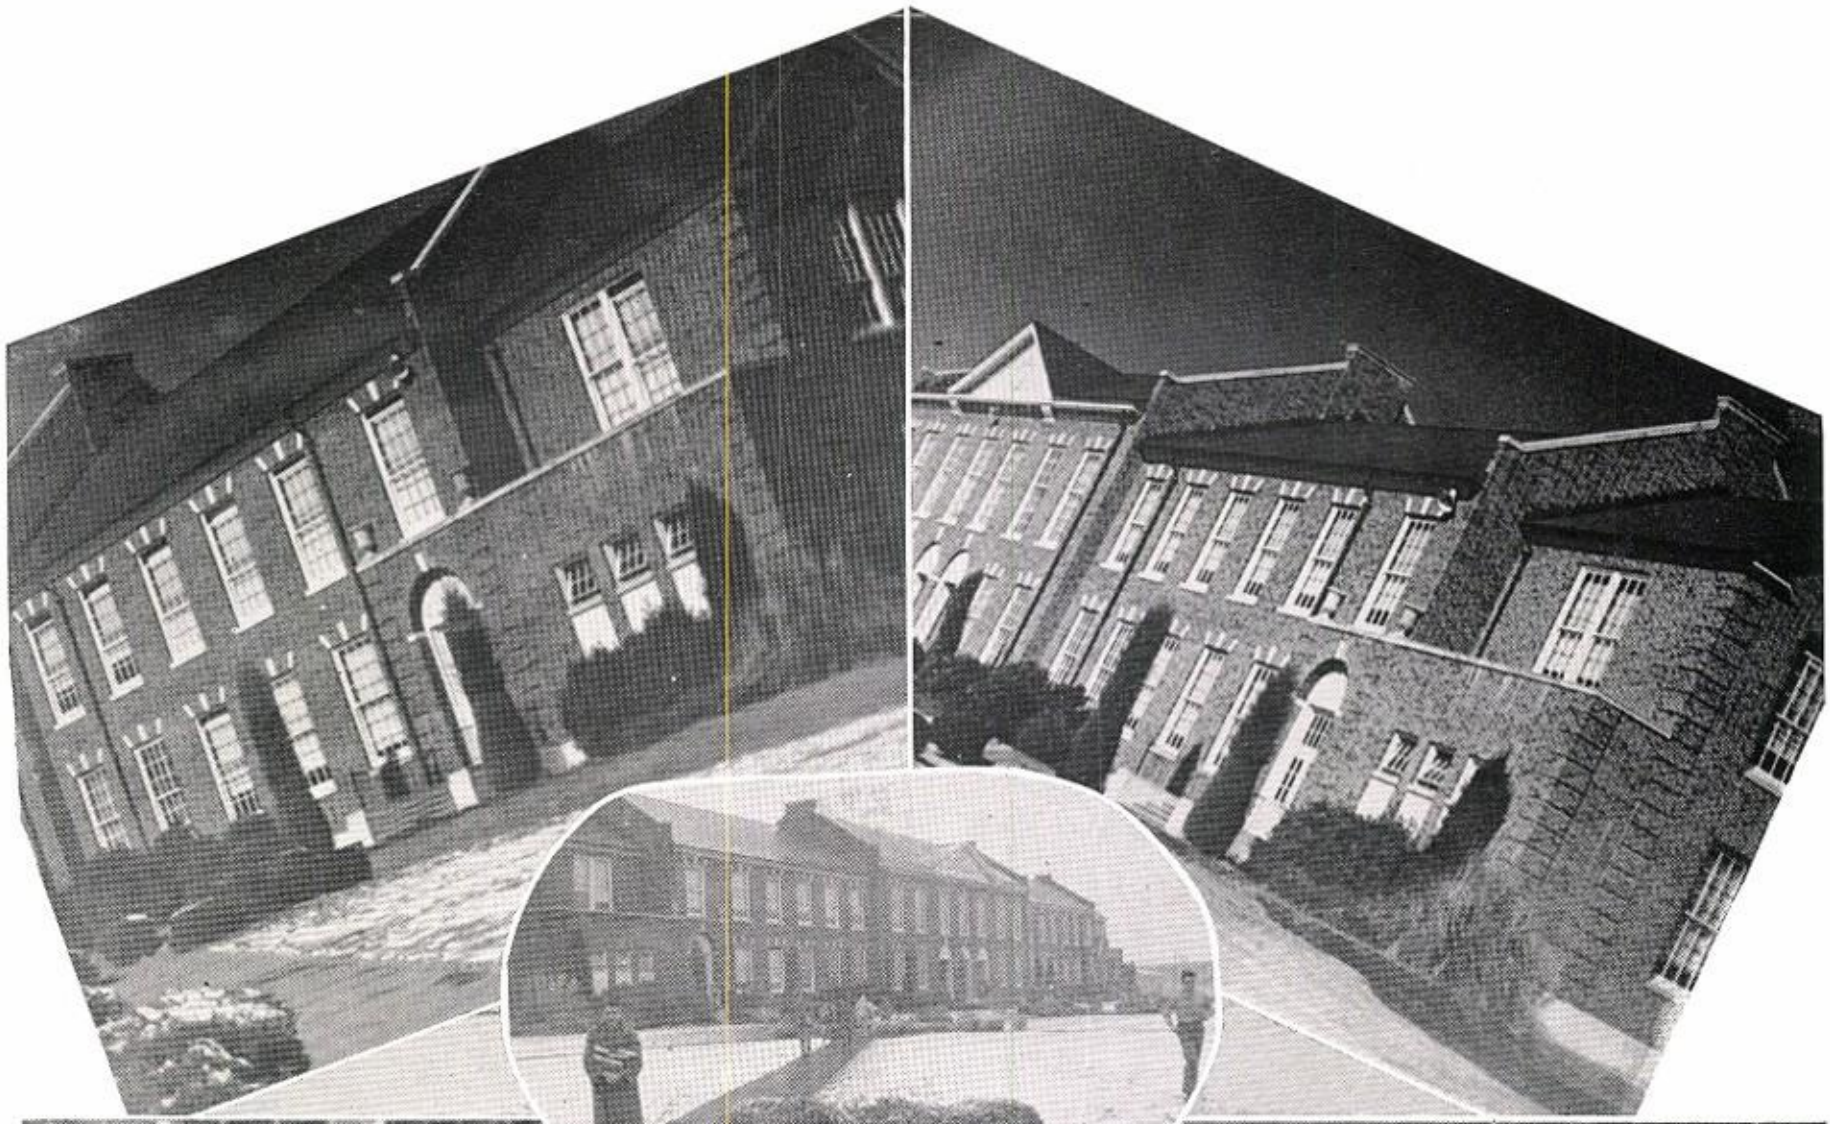
WALLY LOVEJOY
Business Manager

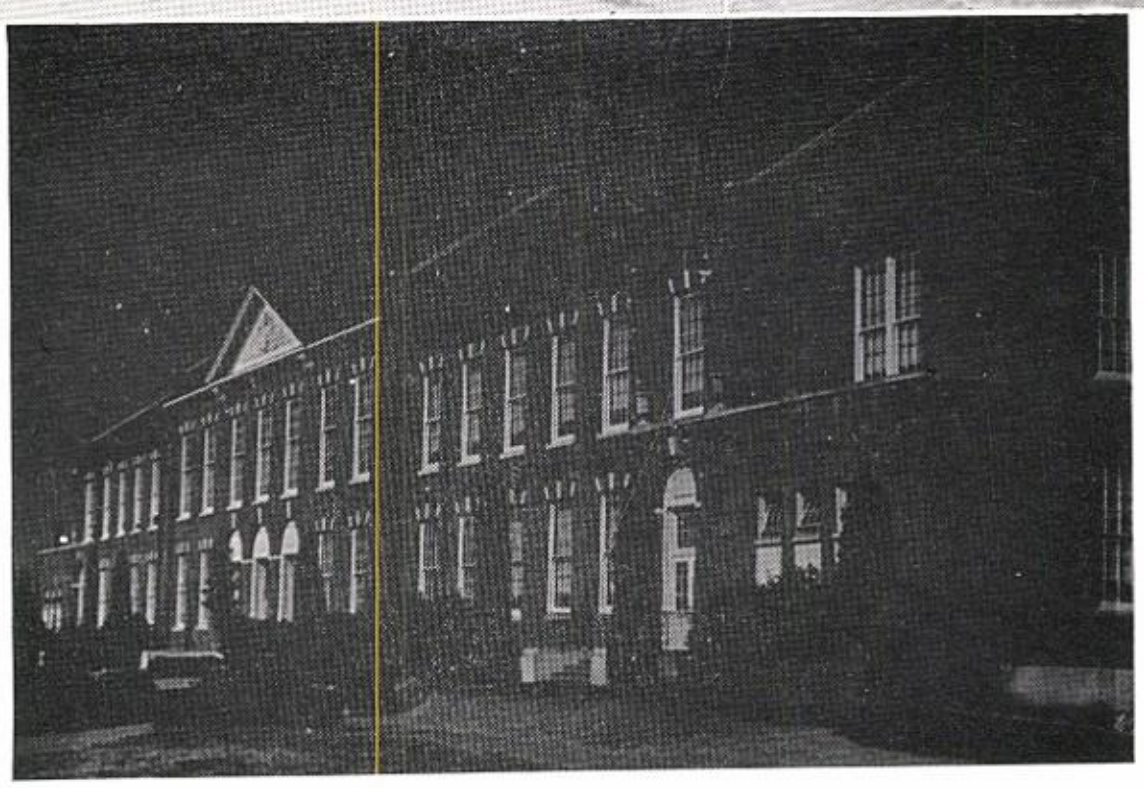
Dedication

To Coach Eck Curtis, whose quiet, unassuming spirit of leadership and of good sportsmanship has been an inspiration to all Hi Parkers, the Senior Class dedicates the 1946 Highlander.

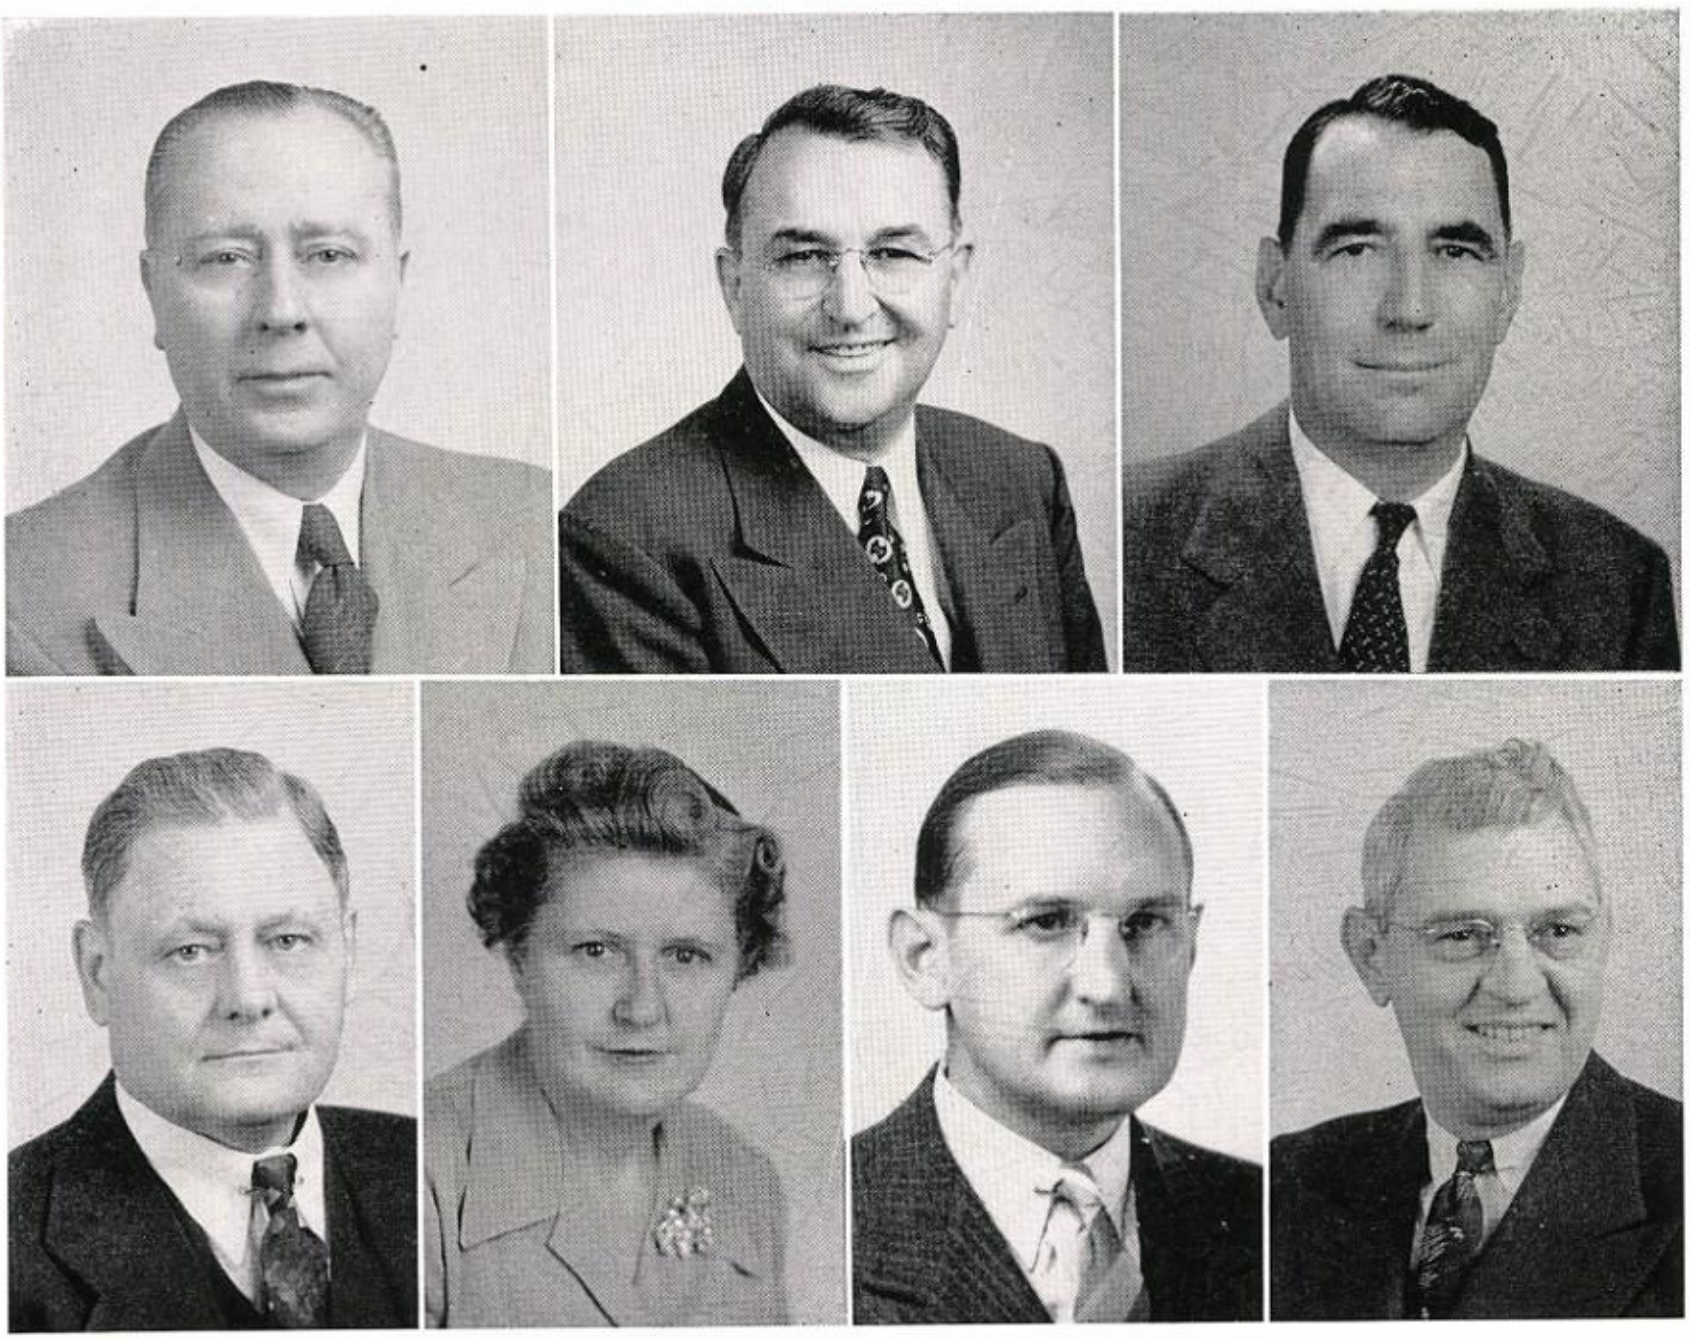
ADMINISTRATION

an old cowhand
GREGORY
ROBERTS





Through snow fights,
Days and nights,
There is always a light—
Hi Park Hi.



Top row: Woolley, Burgher, Merchant.

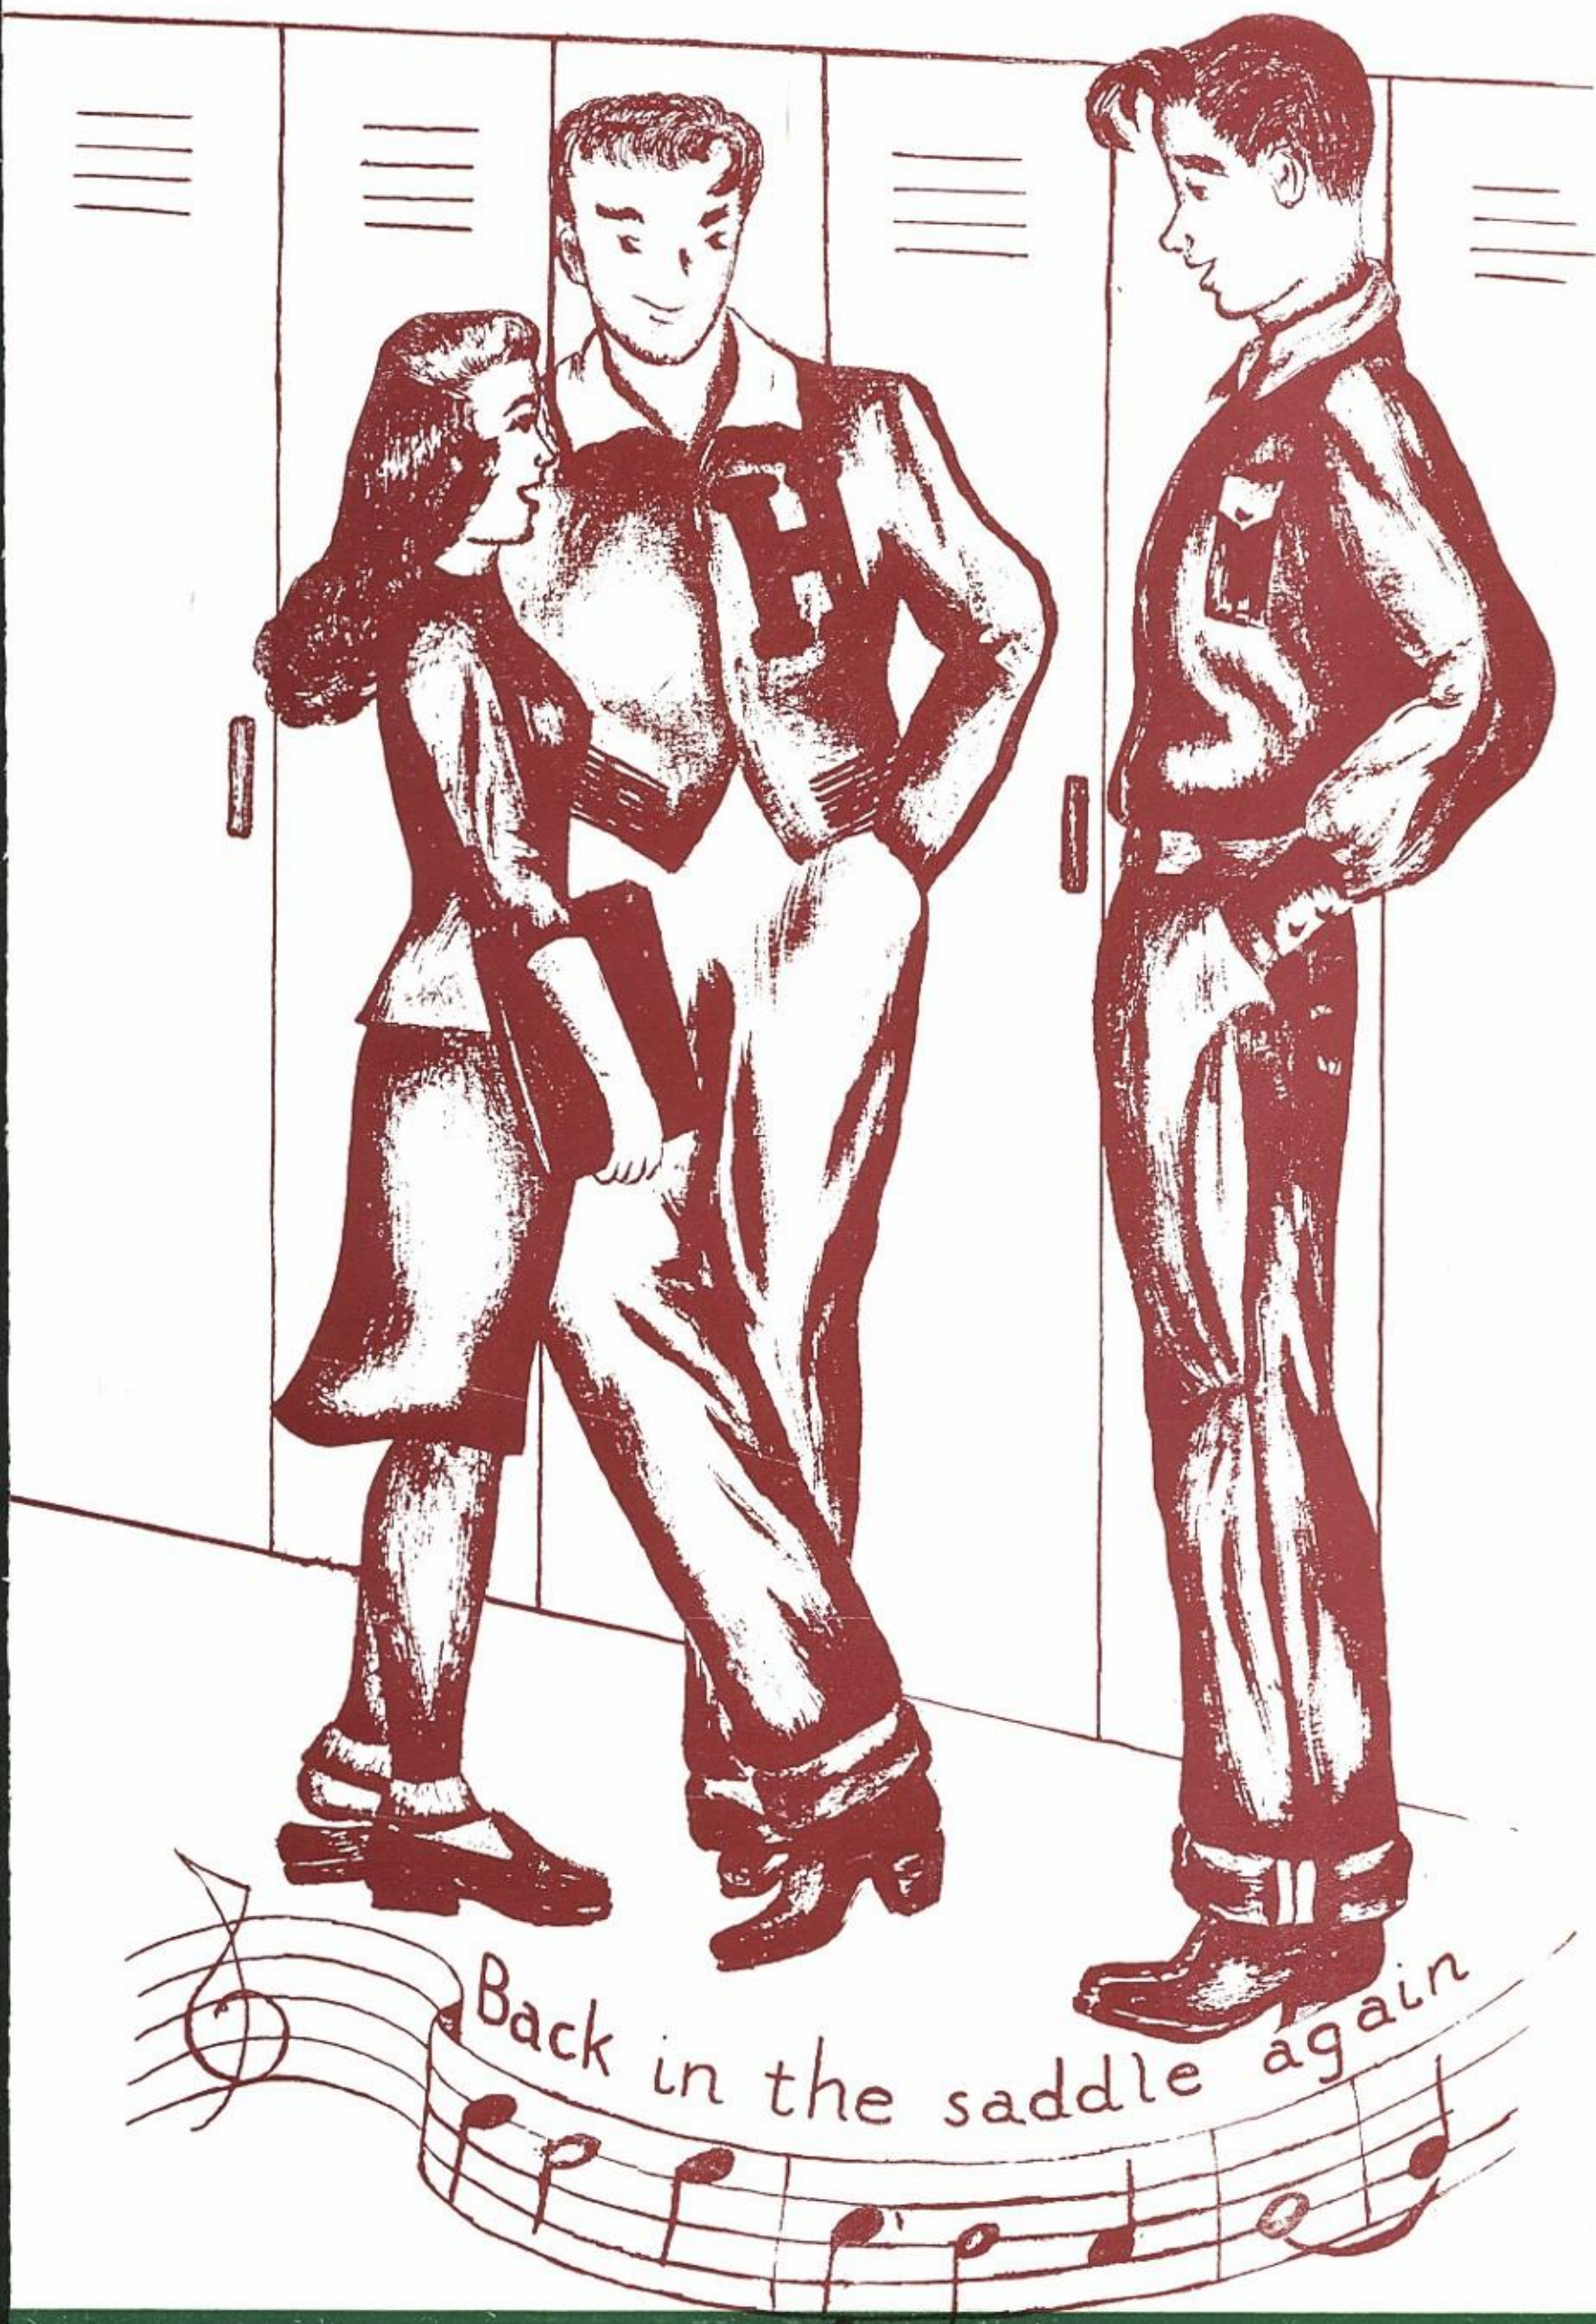
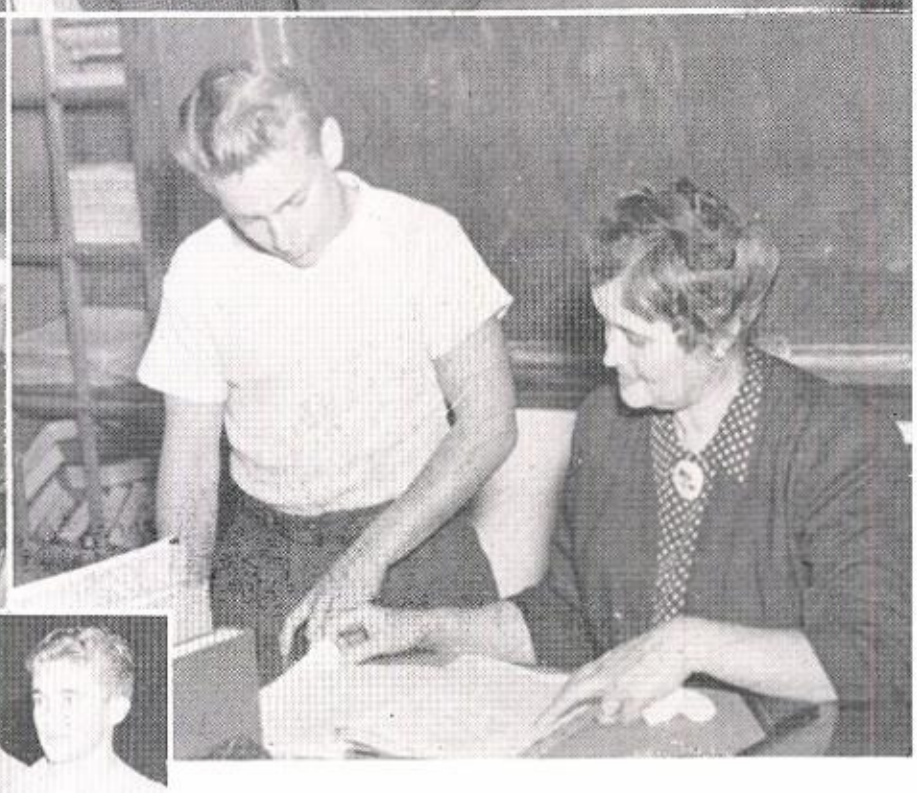
CLASSES

jean turbeville



Back in the saddle again



English and Public Speaking

Left to right:

Looking over the latest platters of poetry for English class (shucks).

Tenders of the library post posters.

Audio-Visual training—transcriptions to us.

Pat gets some pointers.

Station HPHS with Miss Harrison's latest program.

Miss Stewart, Ruth Ann, Lily, and Barbara—our representatives at the big Southwest Book Fair.

Social Studies

Posting posters of historical events.

Alice explores Alaska as a possible air route (fine vacation stop, huh?).

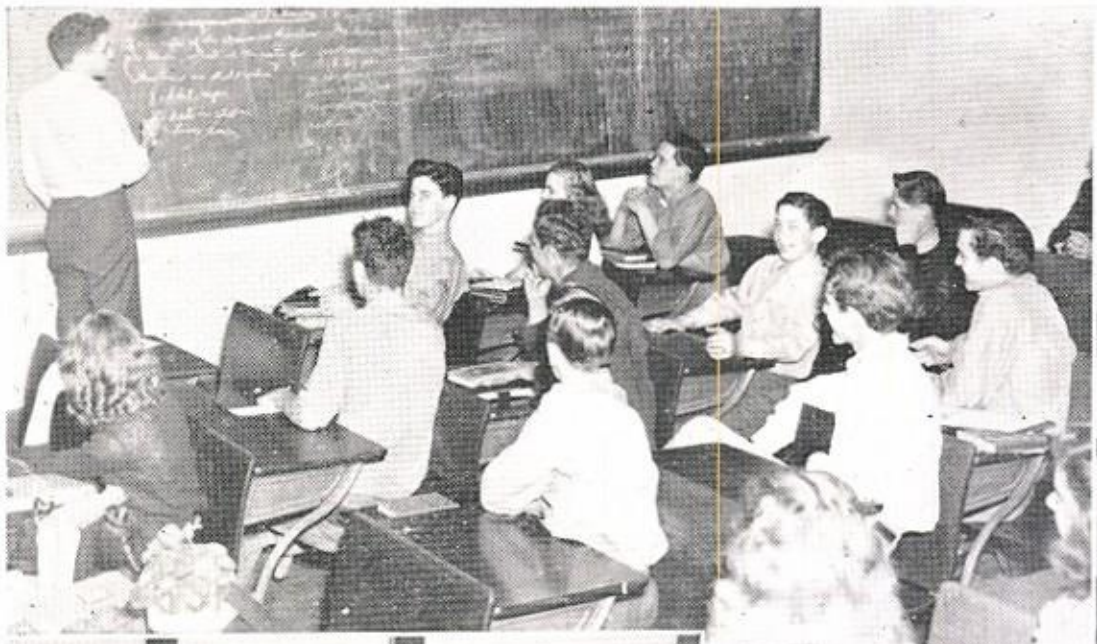
Tom and Bobby take over the problem of Iran.

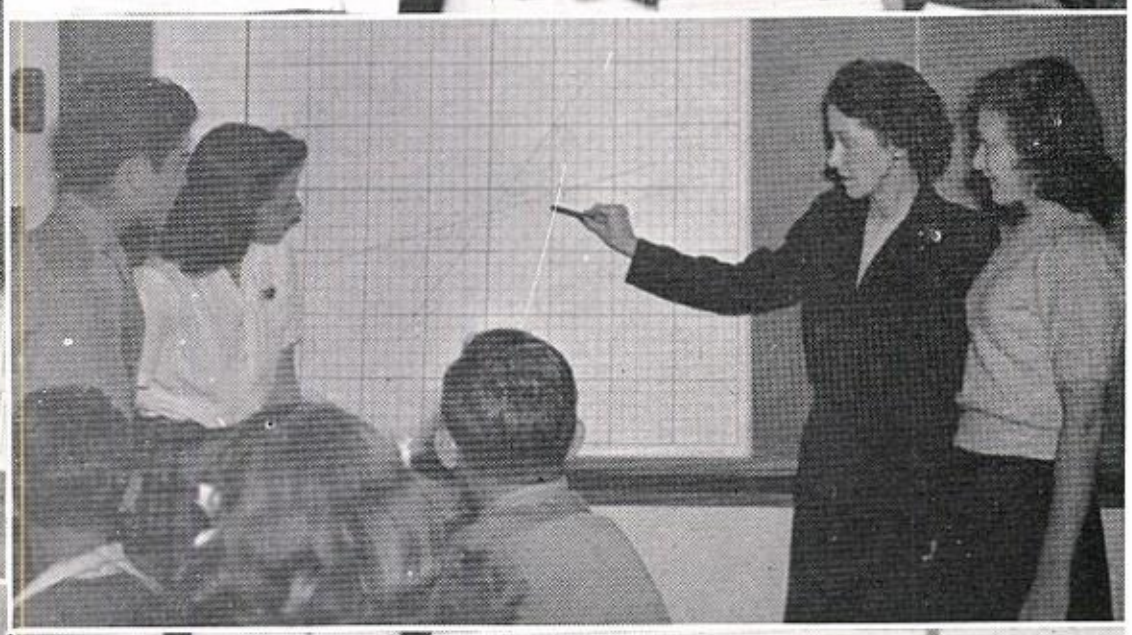
Rehashing *This Week*.

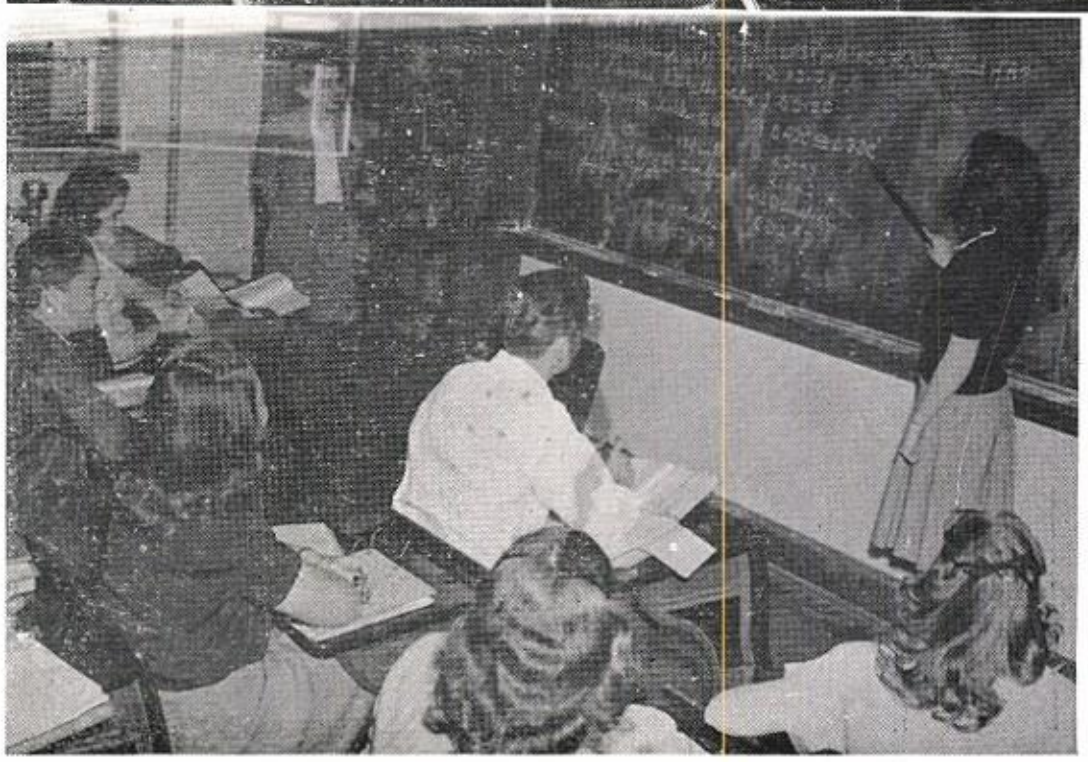
Concentration for historical movie.

They claim it's not the funnies—but *National Scholastic*.

Citizens of one world.







Mathematics

Almost everyone is intersted in the proof.

Mrs. Hutchison and George explore that fascinating study of the alphabet—algebra.

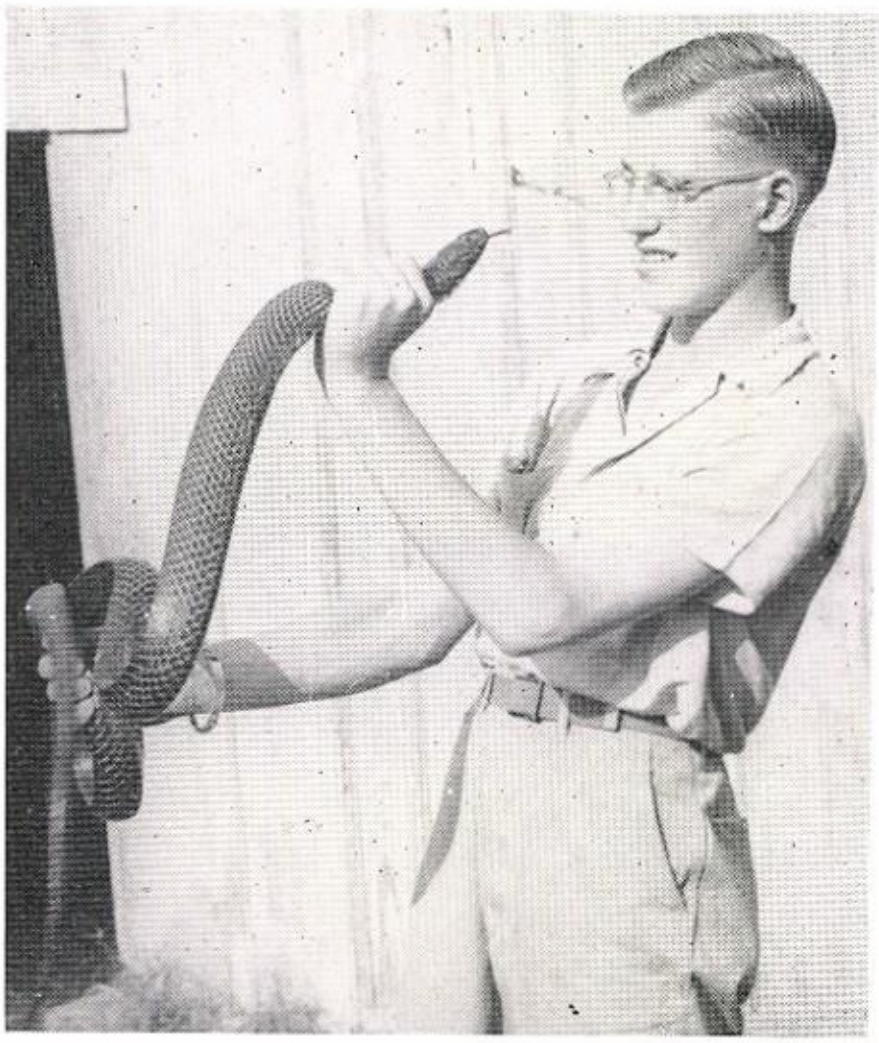
They're holding their breath, Mr. Wisseman.

Hold that line, Mrs. Kidd!

Ring three bells and look back over that fence, boys—Mrs. Sorrells has that "Identity" look in her eye!

Boy, has Mr. Jeffers got 'em trained!

Looks like a keen proof from here, Miss Walters.



Science

Vint, in typical pose, "But why, Mr. Marshall?"
Pulleys—"Turrible, turrible, turrifically turrible."
The little Curtis with Bozo—first place winner in state science contest.
Test tubes and stuff—so we guess this is a chemistry class.
What, no WRR?
OoOoO—cutting up frogs.

Languages

Sharp and Miss Bradfield hunt derivatives.

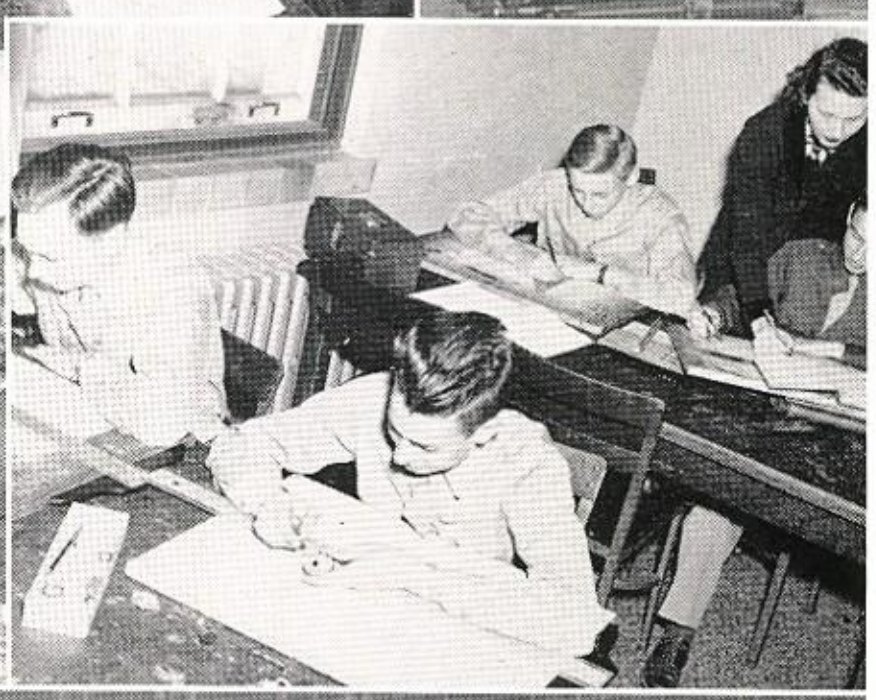
Mr. Story's class on the fatal day.

Tsh, tsh, Mr. Jarrett, no prompting, please!

Could it be that someone is being heckled, Miss Coleman?

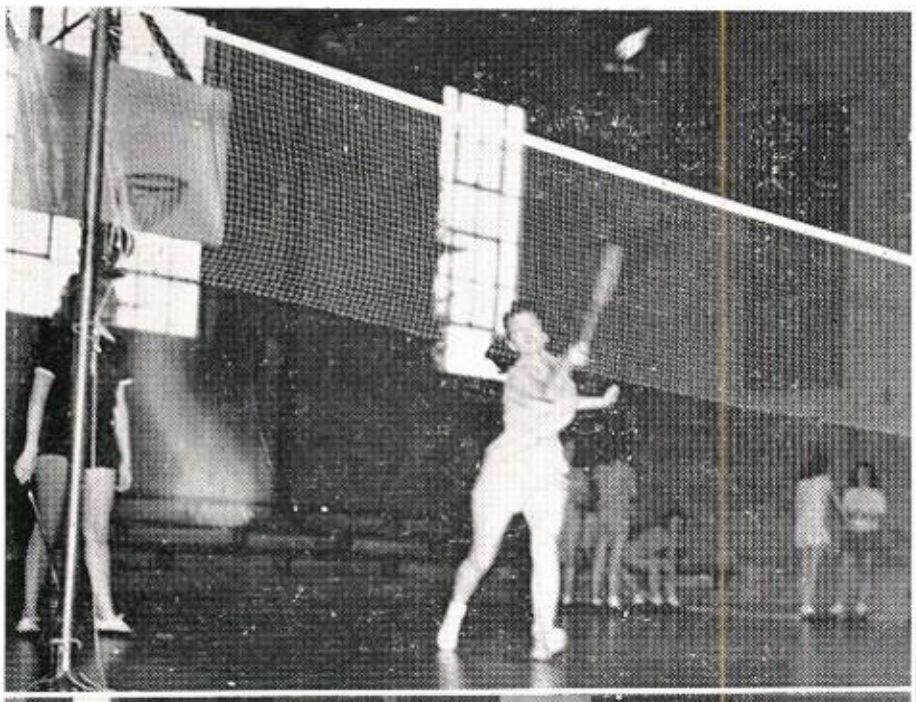
c' Que es la fecha, Miss Boyd?

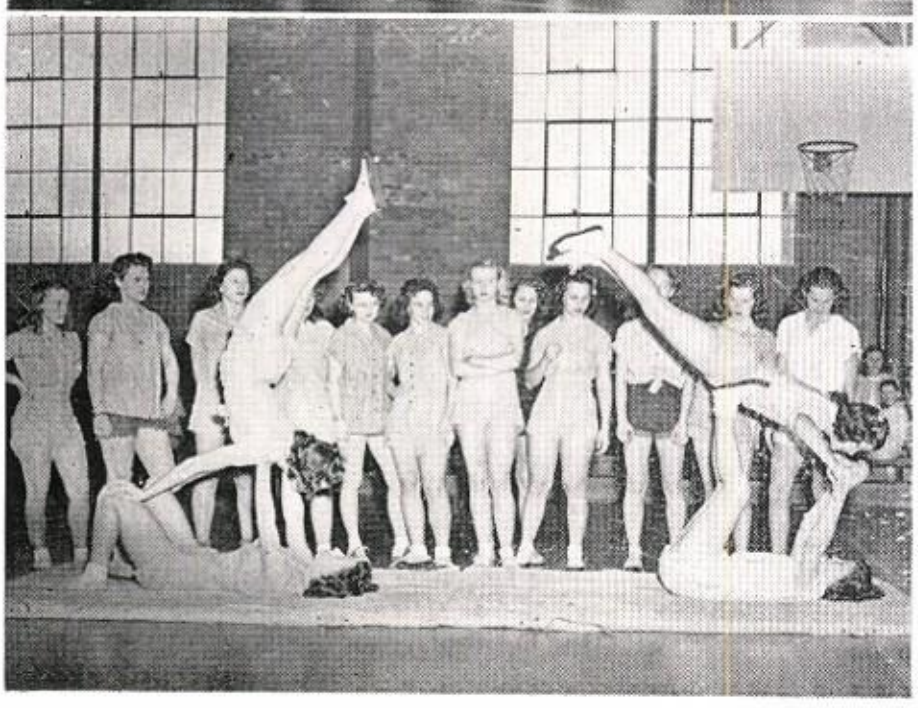
Miss Masters and her "Latin 8'ers" yodel at Christmas party.



ART
MECHANICAL DRAWING
COMMERCIAL

Scenes from the Art, Mechanical Drawing, and Commercial classes (too bad we have no room to tell all the good things they do).





Physical Education

Watch the birdie, Doris.

First aid—looks vaguely like tumbling, though.

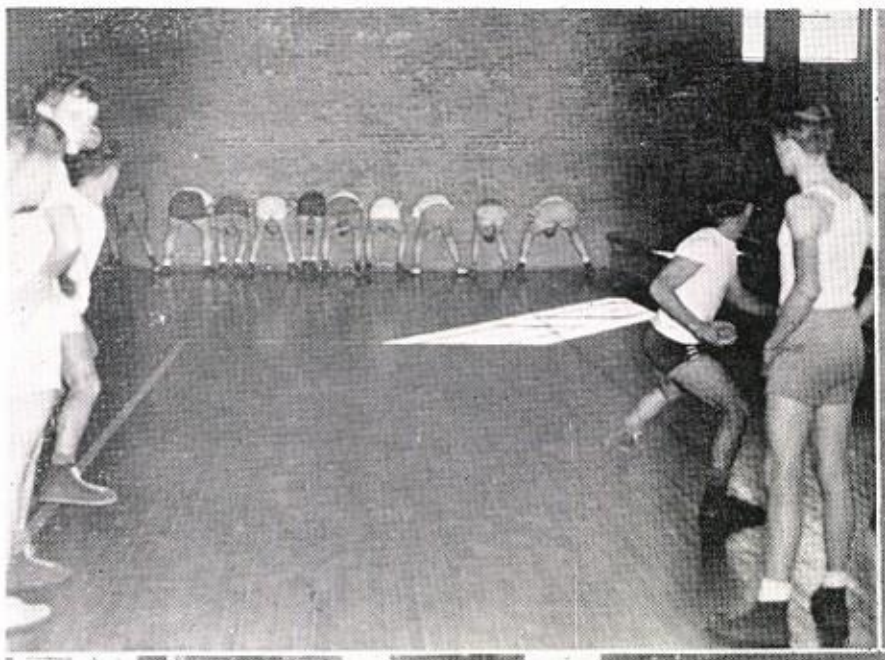
Miss Van Buskirk takes the roll in true style.

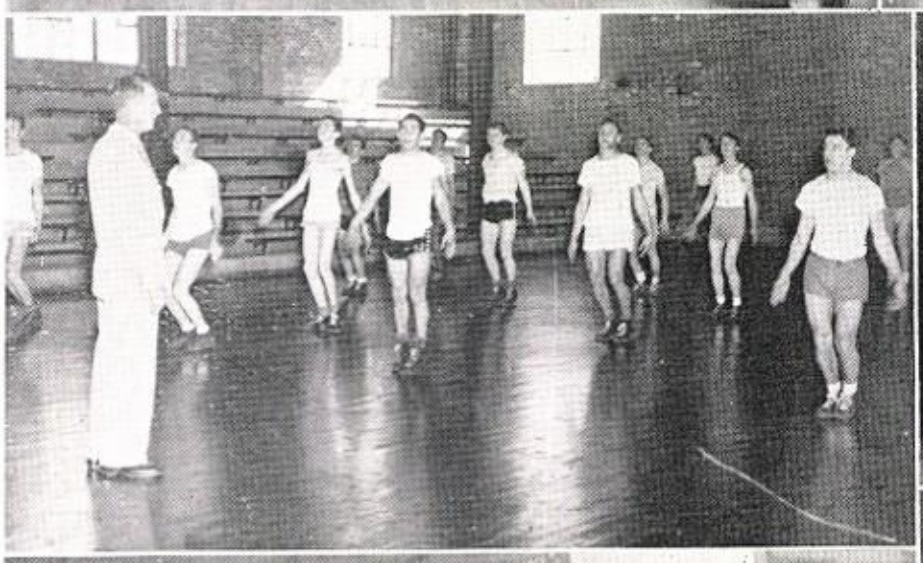
And they say girls' basketball is sissy stuff!

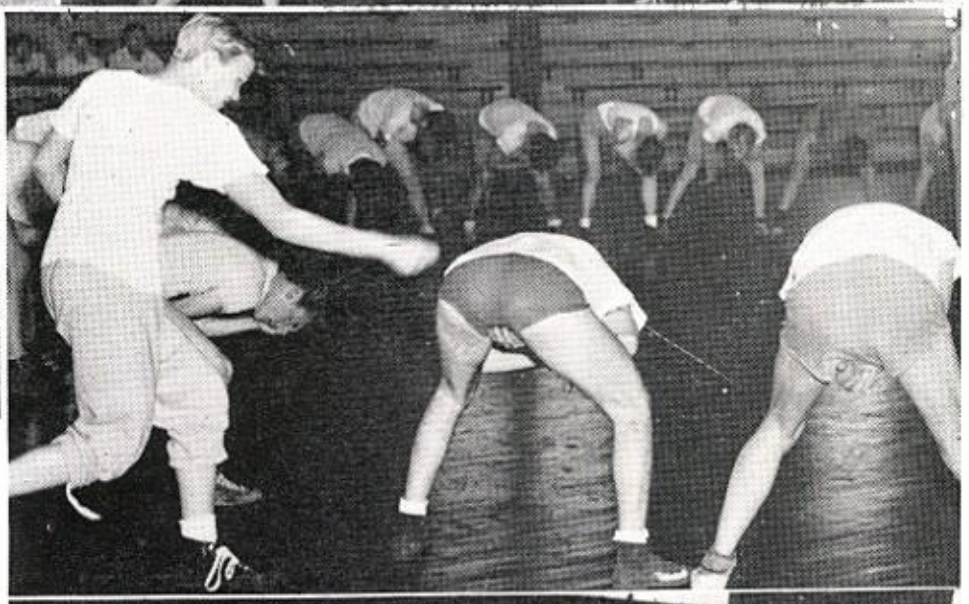
Set it up and spike it!

Looks like the ball's going in????

The trouble is—all the girls don't look like this when tumbling.







Physical Education

Ouch!—Losers take rap, but the winners seem to be having fun.

Wheelbarrow race (or so they tell me!).

1, 2, 3, 4,—aw, not so fast, Mr. Morgan.

Bull dozer—and who said war was worse?

Hot dog!—somebody made a basket.

They call it tumbling.

Whose idea of "sport" is this?

Bill Conn has nothing on them.

Music

Left to right:

Miss Simmons strikes up the band (beg pardon, the orchestra).

Choral clubbers—pretty as a picture.

Colonel Boroughs seems to be giving a serious swing to that baton.

"The Gondoliers"—and of course Crosby would appear in sport shirt on the night of dress rehearsal.

Chorus takes it on the down beat as Miss Barry pounds the ivories (to use the vernacular).

The choir rings in one of the Senior's big days—Commencement Sermon.

Blowers of the horn—the orchestra's brass (?) section.

It's that devastating, scintillating, promise-breaking, marriage-making Duchess of Plaza-Toro.

The Offices

Susie Soph has a problem (or two), Miss Inmon.

Miss Martin helps George decide about next year—MIT or HPHS?

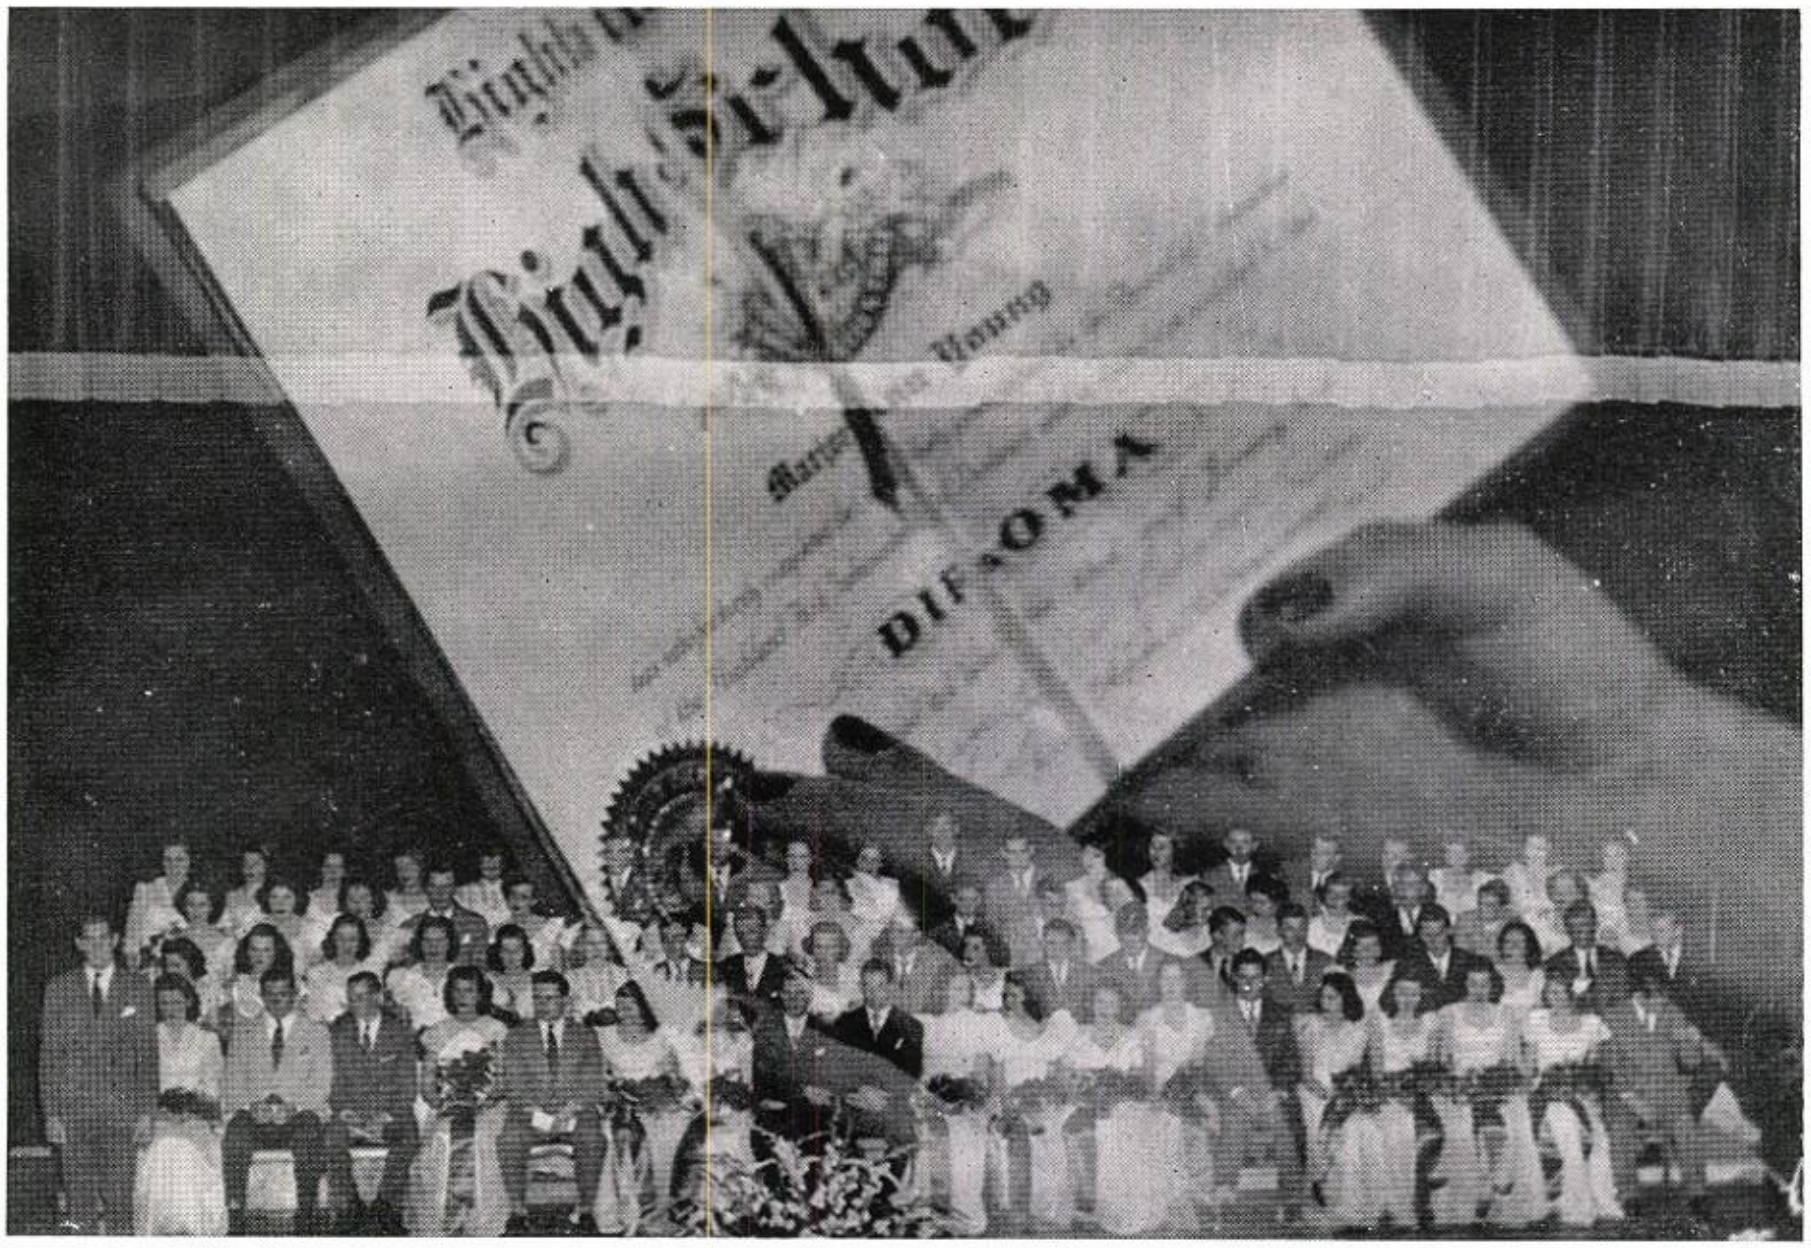
"Your excuse?" "Well, Mrs. Dyer, it's this way."

Transfers thank their lucky stars for Miss Gillon.

Tardy line—'Nuff said!

"If you have nothing to do, don't do it here."

Miss Orr writes the notice of a *holiday!*



OFFICERS OF THE JANUARY CLASS

Bill Moxley	President
Bill Weatherford	Vice-President
Mary Lutrick	Treasurer
Jeanne Broadnax	Secretary
Colonel Casey	Sponsor

OFFICERS OF THE JUNE CLASS

Rush Pierce	President
Russell Day	Vice-President
Sarah Butte	Treasurer
Janet Warner	Secretary
Mr. Morgan	Sponsor

Oh, boy! What did Santy bring the Colonel? The January class officers, Pete, Mary, Jean, and Mox make sure they aren't gypped.

Hi Park's chuck wagon does a rousing business with the officers of the June class—"Rrrrr", Rush, Janet, Sarah, and sponsor "Hoiman" Morgan.

January

ADAMS, JAMES WALTER, JR.

Miss James	Sponsor	Miss James
Miss Smith	Assistant Sponsor	Miss Smith

Activities of the Student Council, the representative body of Highland Park High School, have been numerous this year. The "over-the-top" sale of bonds and stamps is due to the untiring efforts and splendid work of the Student Council. The end of this great Victory War Loan Drive led to the choosing of the "Scottie Sweetheart," who was chosen from one of the "Highlander Honeys" selected by the football team. The drive was climaxed by a big shindig in order to crown the "Scottie Sweetheart," who won by having the most votes from sale of Victory Bonds and Stamps.

Sponsoring football dances, various contests and assemblies, and assisting in PTA, Dads Club, Red Cross drives, and sale of tuberculosis seals are left up to this body. Election of all new officers for the following fall and the annual Junior-Senior Prom, the anticipated affairs of the year, are sponsored by this group.

In bringing closer cooperation between the faculty and the student body, this group realizes its chief objective. It also succeeds in upholding the constitution which was adopted by the student body in 1935.

We are proud to present the "Whiz Kids" of Highland Park High School. The kids listed below are more than just Quiz Kids. They not only must acquire knowledge but also polish the apple for the teachers and shine in leadership, citizenship, service, and character. In selecting these students the teachers use a preferential voting system—a first, second and third choice. An average is a requirement for membership in this "select" society. These "Atomic Whizes" arouse much envy among their classmates, especially their sophomore and low junior friends, for they are not eligible. The membership is restricted to three per cent of the 3A class, ten per cent of the 4B class, and fifteen per cent of the 4A class. These "select" students serve as ushers for all special programs and commencement exercises.

This society is responsible for keeping individual cards recording the actiivities in which each student takes part throughout his high school career. It also sponsors the awarding by point system of the H Blanket, which is presented to the boy and girl in each graduating class with the highest achievement score during their high school years.

"Our club that will never die." Yes, Scots, that's Hi-Lites, the club that's strictly for the lassies.

Hi-Lites is the largest club in the school with a membership of almost six hundred. And all these six hundred work in six groups.

First, there's the Friendship Committee that's organized specially for 2B's and transfers. The committee provides a "big sister" to help each new Scottie get in the swing of things. They also telephone and send flowers to the girls that are sick.

Second, there's the Welfare Committee which has had as its main project the Mexican Mission. Every month a group of girls has given a party for the children at three missions. The girls have also supported drives for books and clothes, and several Christmas baskets to the needy families.

Third, is the Hi-Lite Brigade whose main function is to keep up the ex-students' record. Over a hundred girls are on this committee.

Fourth, is the Red Cross Committee. This group has had charge of Junior Red Cross work, cross word puzzles, stuffed toys. Christmas stockings have been made; and pocket-size books have been collected.

Then we come to the high light of every Tuesday morning, the Hi-Lite program. Be it a speaker or be it a play, the Hi Lites are always an enthusiastic and attentive audience. Tremendous applause or rollicking laughter from the auditorium on Tuesday morning never fails to make the boys jealous.

Last but not least is the Social Committee. They are the lassies who help the Hi-Y give those swell "get acquainted" dances and who are responsible for the two Hi-Lite dances. This year the mid-term social was an all backward barn dance—probably the most novel affair Hi-Park has ever seen. And of course one of the main events of the year is the spring formal honoring the officers and providing a large donation for the Red Cross. In addition these projects the girls also gave a Christmas party and a banquet honoring the officers for the coming year.

Santa and girl friends at the Hi-Lite Christmas party.

Hi-Y's "Chief Wahoos".

The Hi-Yy Fellowship is a boy's organization sponsored by and affiliated with the National YMCA. It functions for the following ideals: "to create, maintain, and extend throughout the school and community high standards of Christian character." Living up to these ideals, the Hi-Y has joined with the Hi-Lites this year to extend a helping hand to the underprivileged of our city by visiting the different church missions and entertaining and playing with the children there. Also, the Hi-Y aided families at Christmas with gifts of money and toys donated by the club members.

Meeting every Monday at activity period, the Hi-Y has many interesting, educational, and entertaining programs and a few that are sleep-inducing. A few of the topics discussed are character building, Christian living, and youth's place in the post war world. On the lighter side a swell magic show was given by Harry McDaniel, Jr.

In the social life of Hi Park the Hi-Y went all out this year. The boys strained their brains and muscles and whipped up a super-duper Victory dance that was acclaimed by many as the best Hi-Y dance in many a year. The Hi-Y and the Hi-Lites coordinated their efforts to give the 2B's a hearty welcome in September and in January at the Get-Together Dance.

The Clan's top medicine men—Hi-Y inductors.

	Secretary-Treasurer	Susie Smith
Miss Stewart	Sponsor	Miss Stewart

If you are a Raphael, Steinbeck, or an expert in the field of advertising, then try for this club today. Miss Mary Stewart, English teacher and sponsor of the junior journalists, says that all you have to be is outstanding in one of three fields: writing, advertising, or art work on either the Bagpipe or Highlander.

Purpose? Members do their homework first of all; and then, if they have time, they put out the Kiltie, a guide for students and keep the exes' records. That's lots of work for the few members it contains. It's one club that never worries about being overcrowded!

History? In 1937 the school decided to sponsor a club composed of only these "horders of brains." Not being contented with any "ole" genius, they decided that he should be at least a junior, in the upper third of his class, and, as I've mentioned at least a dozen times before, outstanding in work on either the Bagpipe or Highlander.

Hopeful? Then turn in your name to Miss Stewart to be voted upon by the members. Only the most highly recommended—the ones who slip the members the most on the side—become members. Seriously, to be selected for membership is one of the highest honors bestowed on any student in Hi Park.

Hula skirts, war-torn flags, unreadable menus, bloody helmets, and scrapbooks are among the many unusual items which were examined and discussed this year by the Internationalists. These worldly people must have lived six months or more in some foreign country to be members. Countries represented include Japan, Arabia, Germany, Holland, England, France, Hawaii, and Mexico.

Meetings were held each month at the home of one of the "furriners" for refreshments, discussion, examination of articles from other countries, refreshments, work on club projects, and refreshments. They also served something to eat after a long afternoon's work!

The principal project of the group this year was corresponding with people in other countries. They also gave a program for the Junior Historical Society and worked on scrapbooks containing pictures, souvenirs, and other things from the country or countries in which each has lived. Perhaps the most time was spent, however, in the planning of the Club's annual entertainment which, we less-traveled folks are told, was a great success.

Who goes there? Undoubtedly, it is a member of the Travel Club, for the members are always on the "go" and nothing seems to stop them. Whether it be by lecture, movie, or letter, the Scotties of the Travel Club can reach the four corners of the world. Highlanders who particularly possessed the wanderlust, organized "The Globetrotters" in 1937, and the club has been rapidly expanding since then.

Slightly detained during the past war years, Scotty travelers can now make such trips as the one taking them to Little Mexico to deliver large baskets to our good neighbors on Thanksgiving and Christmas.

Chief traveler among them is the sponsor, Mrs. I. O. Miller. Under her inspiring leadership, the club has completed a well rounded year and at last has been able to satisfy that desire to see the world (or at least a small part of it).

The January class shows 'em how it's done in the senior play, *Every Family Has One*....

Dramatics

"That was terrible! You can all do better; let's try it over. Places for the last act. Where's Joe? He's never where he should be. And for Pete's sake, stop that noise back stage! (Whew, how did I get into this?) All right, the curtain goes up and the lights dim as—QUIET!"—These were the moans and groans of a student assistant director of a play, as he struggled through the trials and tribulations of a final rehearsal.

If anyose is interested in anything connected with the stage, dramatics offers an opportunity for all. Better known as "The Thespians," the stage-struck Scots tested their talents by presenting radio and one-act plays. Capably directed by Miss Peggy Harrison, these actors entertained with assembly programs and gave an interesting, educational skit over the public address system. The main project of "The Thespians," this year, was a play produced in the spring.

Learning the intriguing story of the greatest state in the union, a large scale paradise on earth, is the purpose of the Junior Historical Society. (Incidentally, I'm from Texas!) This Hi Park edition of the Texas State Historical Society was organized by twenty charter members under the sponsorship of Mrs. I. O. Miller. Since these first twenty pioneers of the youngest club in the school met and drew up the club's constitution, the organization has more than doubled in membership; over fifty people now compose the society. A number of contributions have been made to the *Junior Historian*, the club magazine; and each year the association puts on a program at the Hall of State for the representatives of all the schools in Dallas, as well as dear ole' Hi Park High. At least once every semester the historians turn "histerian" and have a big frolic, usually a picnic or hay-ride.

Highland Park is justly proud of its Art Club, under the able leadership of Miss Dial, for it has really been making its mark (literally) around school this year, as always. Our Bobby-sox Brush Brigade has converted Ye Aulde Corridors into bright, blooming centers of seething humanity with their artistic and imaginative creations.

The members spent each Tuesday afternoon doodling and daubing and doing craft work. Some of their activities were making decorations for dances and parties, stage settings for dramatic prouctions, and arranging exhibits in wall cases, and many such projects demanding their special talents. Urgent pleas for posters always found willing, able hands and creative minds eager to produce another masterpiece. You never could tell what they would turn out next! But always pleasant surprises, of course.

In 1945-46 the Art Club has truly been busy keeping up with its reputation as one of the most helpful and co-operative organizations in school. So

When you need a poster or a tricky display
Just call upon the Art Club; they will do it today!

"Not a day without a line"—"Pliny must have been thinking about the Art Club.

The Scotties' String Pullers at rest.

The Orchestra

Where's the orchestra that enters contests and comes out with about every honor possible? Where's the orchestra that has members that carry away first division awards in every ensemble contest? Where's the orchestra that has the largest and best membership in its history? Why, it's at Hi Park! Under the direction of Mrs. A. R. Rockefeller the first semester and Miss Edna Mae Simmons the second semester, this orchestra of 1945, '46 broke many former records. Notable among these was the record size of the violin section, twelve members, the largest in the school's history.

Among the many activities this year were programs for Radio Frolics, a Christmas carol program, assemblies, the performance of the graduation music, and P.-T.A. and Dads Club programs. As always the orchestra accompanied the operetta which this year was THE GONDOLIERS, a Gilbert and Sullivan production.

In addition this spring the orchestra participated for the first time in the Texas Music Educators' Clinic in Waco where three of the four string sections were led by Hi Park students, and the concert mistress was Vivian Vinther, 4A student. The orchestra assisted with the Highlander Music Festival and Clinic, which was given in April by the music departments of Hi Park with invited orchestras, bands, and choruses from all over Texas as guests. Dr. Joseph E. Maddy from the University of Michigan, Director of Interlocken Music Camp, Interlocken, Michigan, was adjudicator and guest conductor of the orchestra, while R. E. Rush and Winifred C. Bain were guests of the band and chorus.

Susie and Sandy Scot have been royally entertained and may well be proud of this orchestra, Hi Park's amateur symphony, and its very talented members.

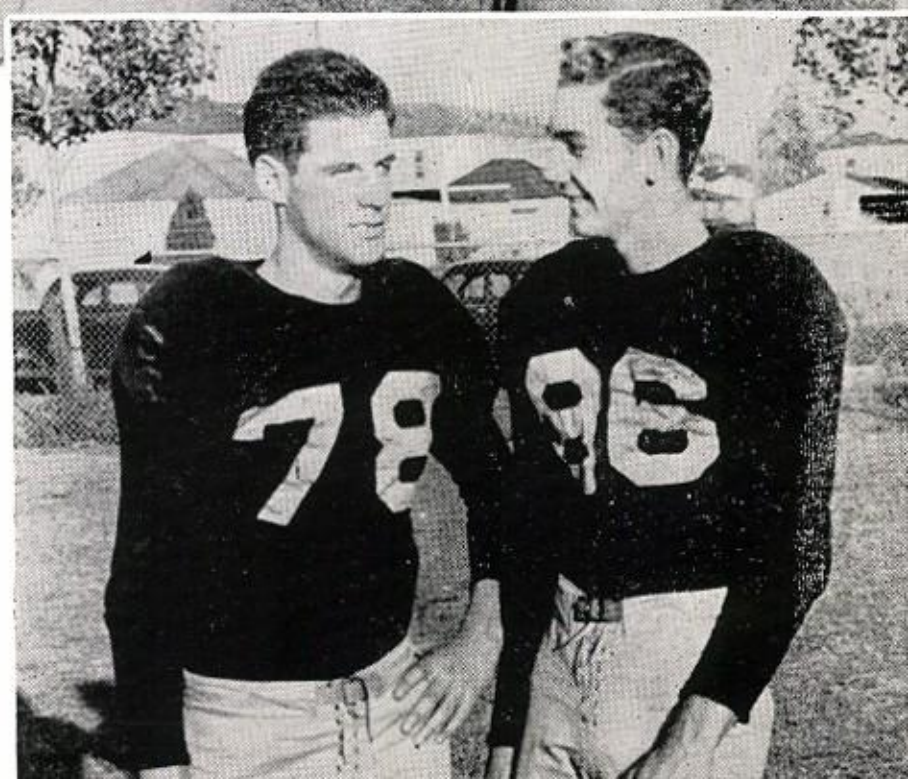
Co-Captains Tenison and Moxley

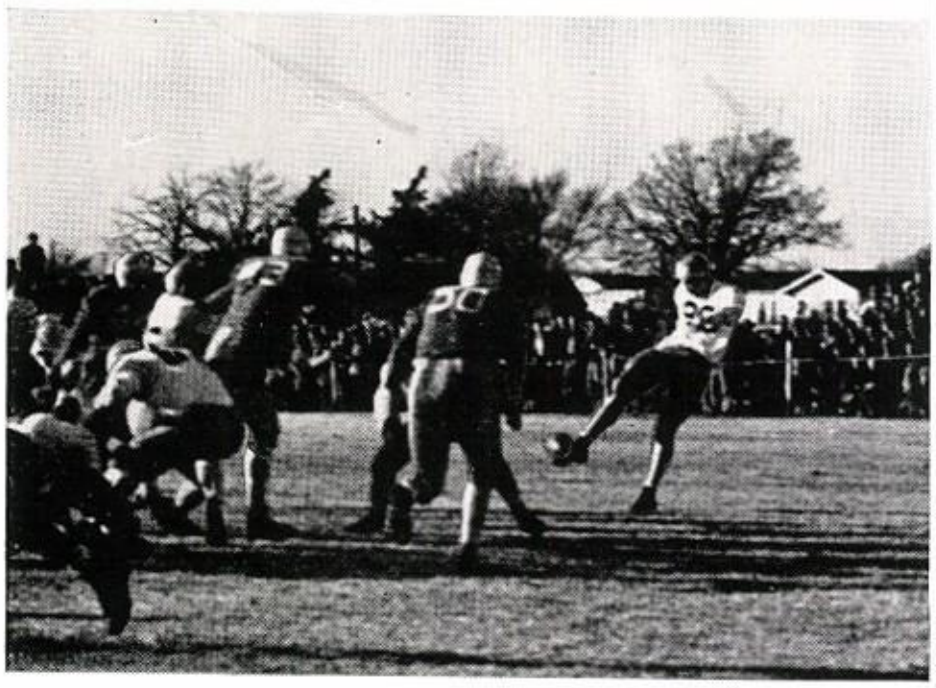


FOOTBALL

Under the excellent coaching of Eck Curtis, Herman Morgan, and Ernest Kennedy, the Scotties became Co-Champions of Texas High School football for 1945, the first time the Scottie team has attained such honors.

The Scotties, running for the first time from the deceptive "T" formation, went through a very tough schedule undefeated, for an

outstanding record, which was marred only by two tie games. Beginning its tough pre-district schedule, the Golden Avalanche defeated Waxahachie at Highlander Stadium in a 21 to 0 battle highlighted by a 92-yard run by Bobby Maxwell. The following week the Highlanders traveled to San Angelo to crush them 19 to 6, in a wet, but thrill-packed game. Bill Weatherford and Bill Elliott played a brilliant game. In the next game the Scotties met the Waco Tigers, in the first of their two encounters in one season, and barely nosed them out with "Big Bill" Elliott crashing through the tough Waco line to give the Scotties a victory in the last 90 seconds. They won their fourth straight victory of the season by scalping the

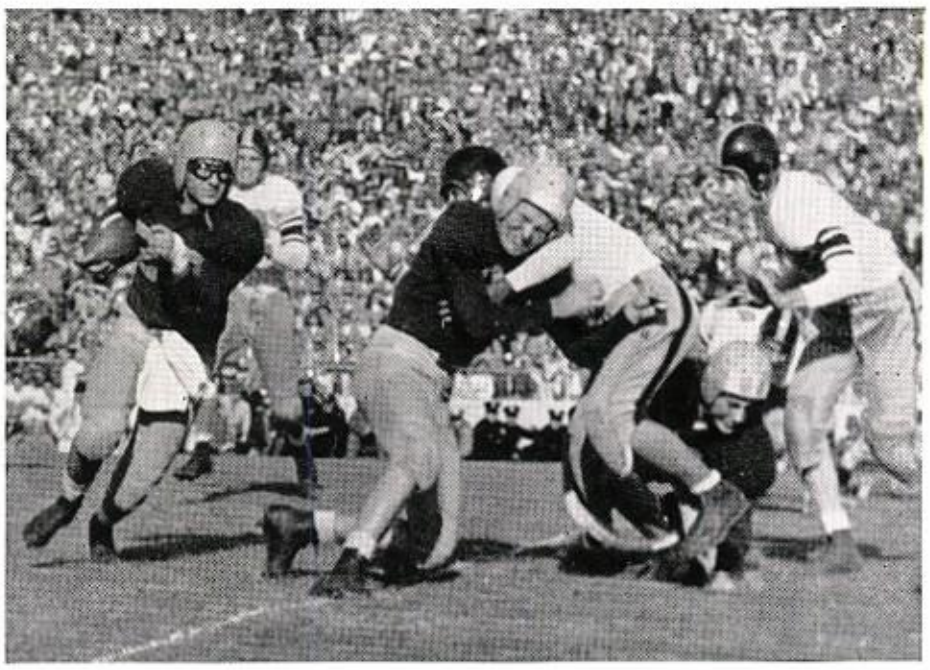


Mox discourages Paris hopefuls with 55-yard boot.

Sherman Bobcats, 45 to 7. "Pete" Weatherford scored twice on running plays and was on the passing end of three touchdown passes. Next, the Marshall Mavericks were pushed back by the Highlanders to the tune of 26 to 0, before a crowd of 12,500 at the Cotton Bowl, the Scotties piling up 15 first downs to only 2 for the Mavericks. Then the Scots journeyed to Wichita Falls where they

Looks from here like Kirby was foiled on this boot—but we don't exactly remember it!

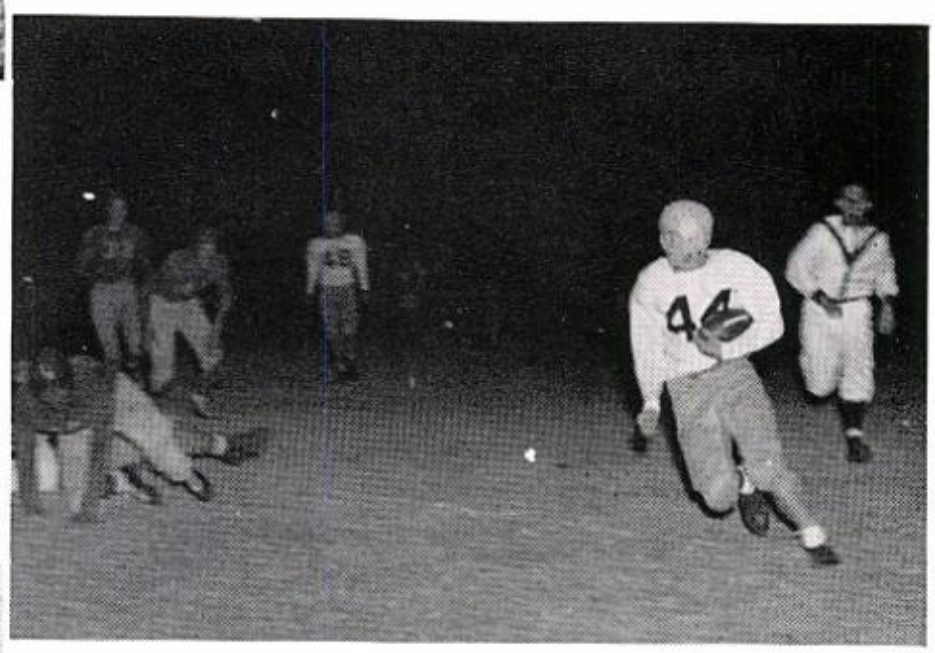
were held to a 7 to 7 tie by the Wichita Falls Coyotes, in the first of two contests this year. Carl Wallace made a beautiful catch of a pass thrown by Bill Weatherford for the only Scot score, and the whole Scottie line was outstanding. During the entire season the Scottie line of Wallace, Maddox, Smith, Flowers, Wales, Tenison, and Fikes rose to great heights in their sterling play in stopping their opponents and giving excellent support to their backfield.



Catman's away as some foolish Waco boy tries to budge Elliott.

HIGHLAND PARK 31—DENTON 0

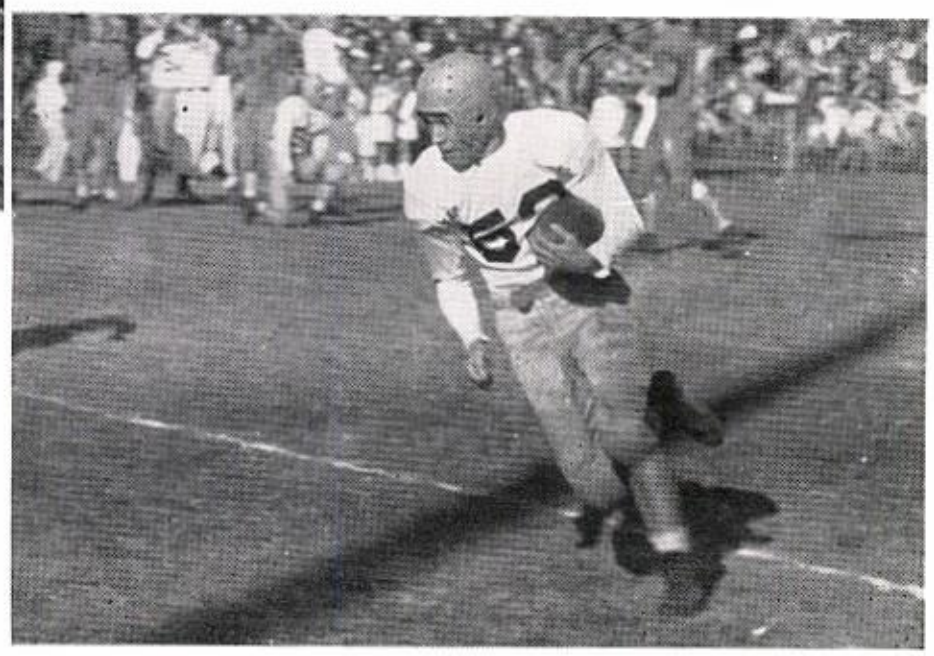
Playing in pouring rain at Denton, the Highlanders opened their district schedule by beating the Broncs in an impressive victory. Co-Captain Bill Moxley scored three touchdowns, with "Rusty" Russell accounting for another one.



Bradley marches on—while Sulphur boys watch from afar.

HIGHLAND PARK 67—ARLINGTON 0

The Scotties got the ball 13 times in this game and scored 10 times. Bill Moxley started the scoring and was followed by scores by "Catman" Bristol, Bobby Maxwell, "Rusty" Russell, "Big Bill" Elliott, and "Pete" Weatherford, with "Friday" Kirby kicking the extra points.

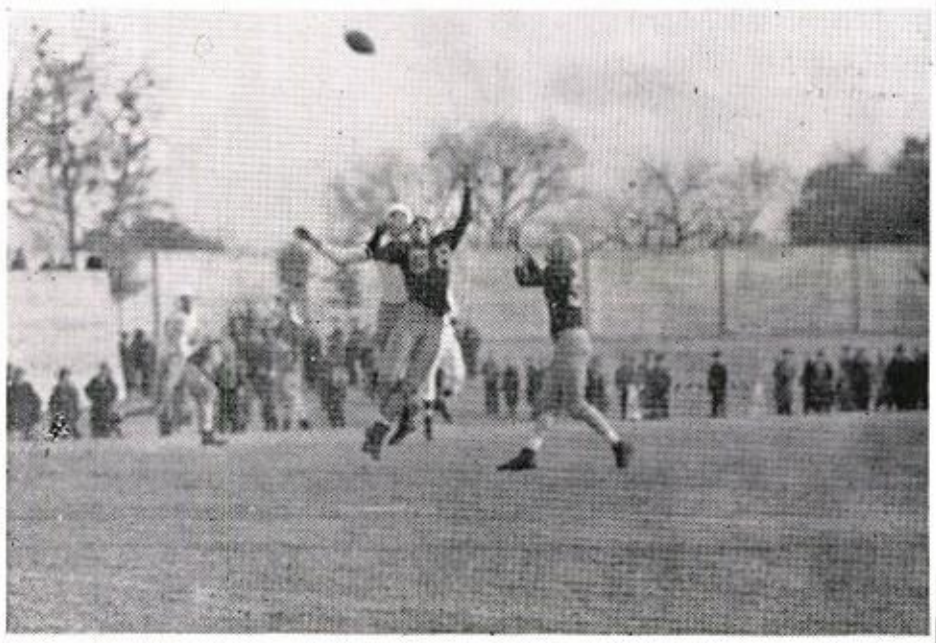


Snyder doesn't look particularly worried on this one—wonder how many yards we made.

Hi Park's "heroes" before Paris game—don't they look beautiful?

HIGHLAND PARK 87—McKINNEY 7

The Highlanders celebrated Turkey Day by routing the McKinney Lions 87 to 7. Reserves played most of the game, and the Lions made their score when Joe Snapp intercepted a Scot pass and ran down the sideline for 75 yards and the score—cheered all the way by sympathizing Scots.



King Carl pulls one of his "miracles", and snags the ball for a touchdown!

HIGHLAND PARK 60—SULPHUR SPRINGS 6

Undefeated, the Golden Avalanche moved into the state play-off by smashing Sulphur Springs' gallant little Wildcats, 60 to 6, at Highlander Stadium. "Big Bill" Elliott led the assault that scored two touchdowns in every period. Jim Flowers scored his first touchdown of the season by intercepting a Wildcat pass and racing 30 yards for the score.

King's on his way again!

HIGHLAND PARK 33—PARIS 7

In the state play-off the Scotties started with a comparatively easy 33 to 7 victory over the previously undefeated, untied Paris Wildcats. Playing their bi-district game at Paris, the Highlanders gained nearly 300 yards on running plays against 70 yards for their opponents. The Scots scored a touchdown in ten plays after they got in possession of the ball. Bill Moxley played a great game, accounting for three of the five touchdowns, two of which were on runs of 64 and 28 yards. Carl Wallace and Rush Pierce scored the other two counters.

Scots show Fo't Worth fans where the sports capital of Texas REALLY is located.

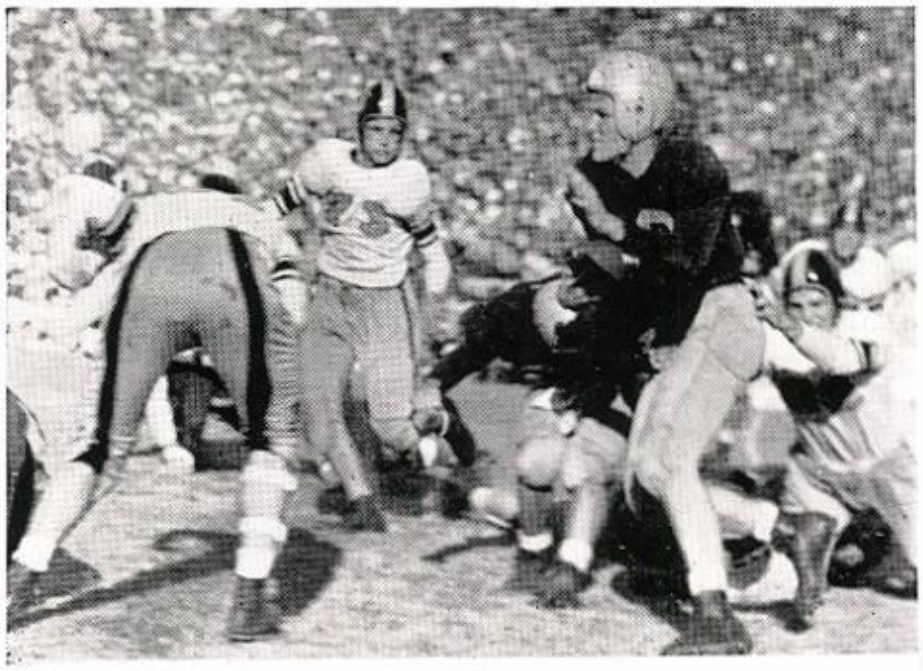
HIGHLAND PARK 40—NORTH SIDE 6

In the quarter-finals, the Golden Avalanche met and crushed the Fort Worth Champion North Side Steers under a devastating running attack. More than 19,000 fans saw the Scots register an impressive total of 22 first downs and 400 yards rushing gains against the Steers, who had previously boasted one of the best defenses in the state. Bob "Bucket" Tenison and Herbie Wales, tackles, played brilliant ball, and alert Leo Fikes, end, and Jim Flowers, center, also turned in great defensive play.

Bobby, the Max, gives Paris a display of greased lightning.

HIGHLAND PARK 18—WICHITA FALLS 0

Moving into the state semi-finals for the third successive year, and playing the Wichita Falls Coyotes for the second time this season, the Scotties struck swiftly for three touchdowns, in their second game in as many weeks at Farrington Field, Fort Worth. The Scots scored their initial touchdown in the second period after recovering a Coyote fumble on their own 49-yard line when "Catman" Bristol skirted right end for a nice run and the score. The second touchdown was scored on a long pass from Bill Weatherford to Carl Wallace. The last counter came when Bill Moxley sprinted 25 yards after intercepting a Wichita Falls aerial.



Big Bill is on his way, Tigers!

HIGHLAND PARK 7—WACO 7

Playing before more than 45,000 fans, the largest group that ever witnessed a high school game in the entire South, at the Cotton Bowl, the fighting Scotties of Highland Park High and the Waco Tigers lived up to advance billing. They gave an exhibition which

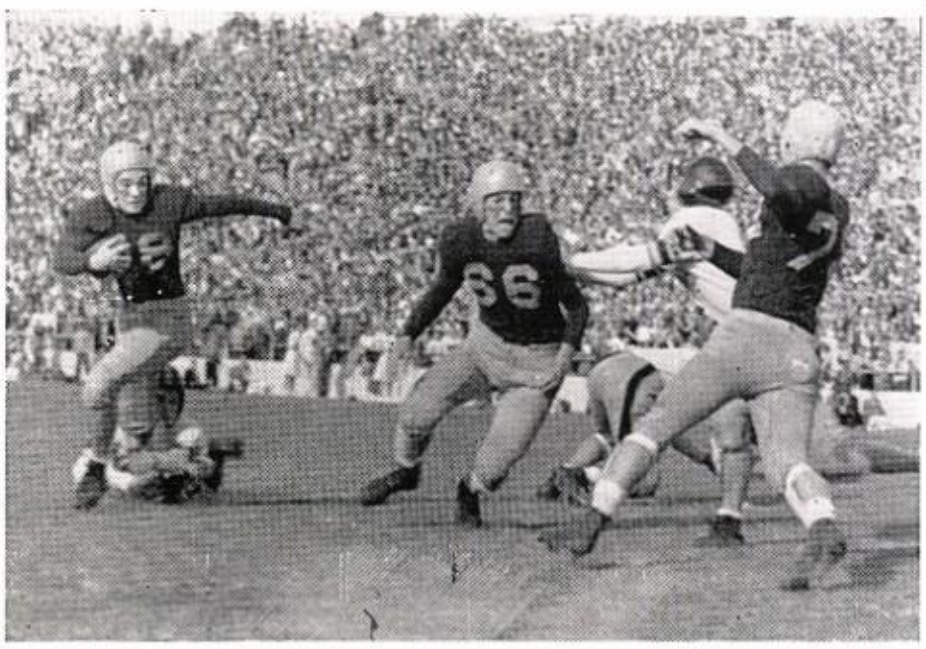
Pete shows Scots some real hipper-dipper.

many veteran coaches and critics declared was the best high school performance they had ever seen. It was a grand finale to the brightest in the twenty-six-year history of the Texas Interscholastic League. The Scots outplayed their foes thoroughly in the first half and drove over for their counter in the second quarter with "Big Bill" Elliott going over from the 2-yard line. "Friday" Kirby kicked for the extra point. Waco came back strong in the third quarter with a scoring play of 86 yards on a pass from Cotton Linloff to Froggie Williams which left the score tied. The Scots, undefeated in a rugged fourteen-game schedule, had margins in penetrations, first downs, and total yardage, but shared honors with the Tigers, as Co-Champions, in accordance with a pre-game agreement.

Believe it or not—Mox caught it!

Members of the Scottie team attained prominent places on the mythical all-state teams, with Bill Moxley, Jim Flowers, and Bill Elliott dominating the first team, Herby Wales and Bobby Tenison making the third team and the fourth team, respectively, and Teddy Bristol and Leonard Smith getting honorable mention.

"T" party for the state co-champions.



"The Horse" Maddox and Tenison make one Waco player sad.

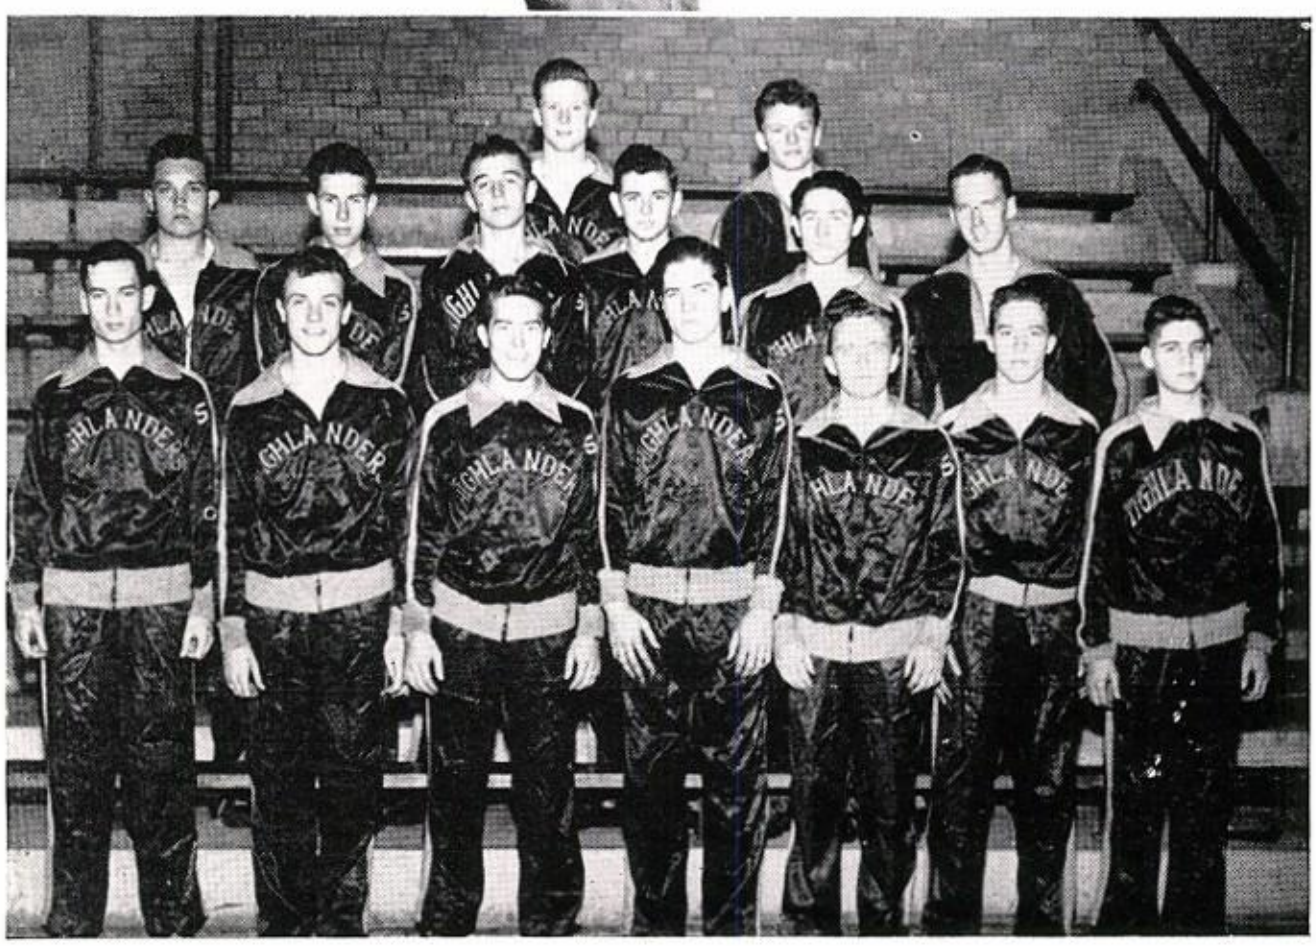
BASKETBALL

Hi Park's Scotties opened their 1946 season under the excellent coaching of Ralph Binnion, who had just returned to Highland Park after three years in the Navy. The cagers opened the season by playing Greenville, the team with the 6 foot 9 inch Marcus Frieburger. Although the Lions beat us in the first encounter by the score of 29-20, we were able to defeat the same team later in the season in our own gym. During the Christmas holidays the Scotties entered the Dallas High School Invitation Tournament in which they won two games and lost two, winning from Garland and Plano and losing to Jesuit and Adamson.

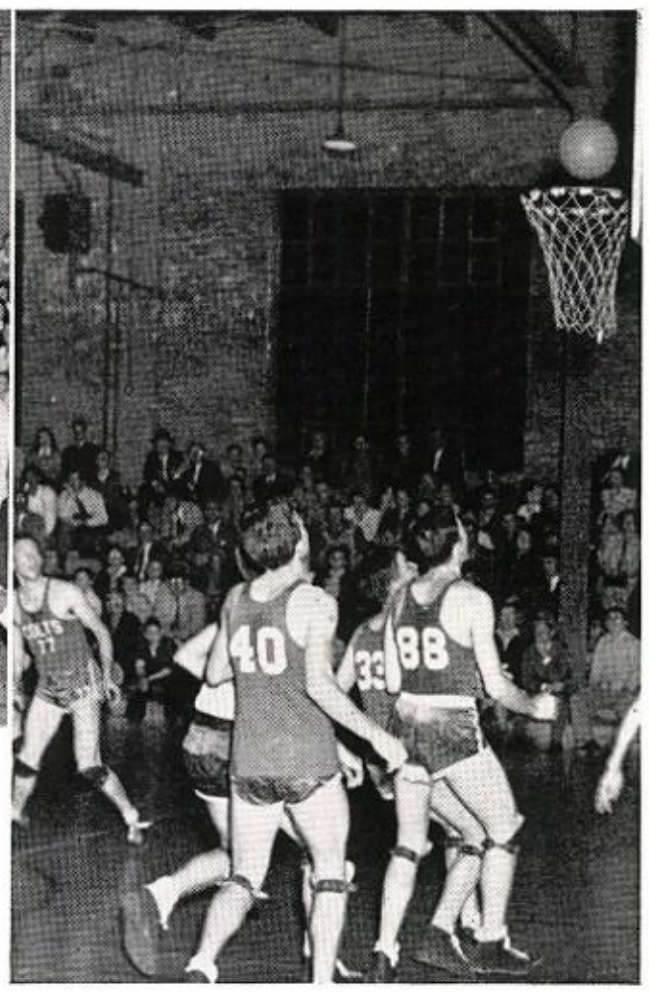
Ned Harris
Manager



Front row:
Chester, Mott, Fikes, Wallace, Kirby, Pierce, Wolff.

Second row:
Findley, Topletz, Benners, Owen, Graner, Hankins.

Back row:
Draper, Maxwell.



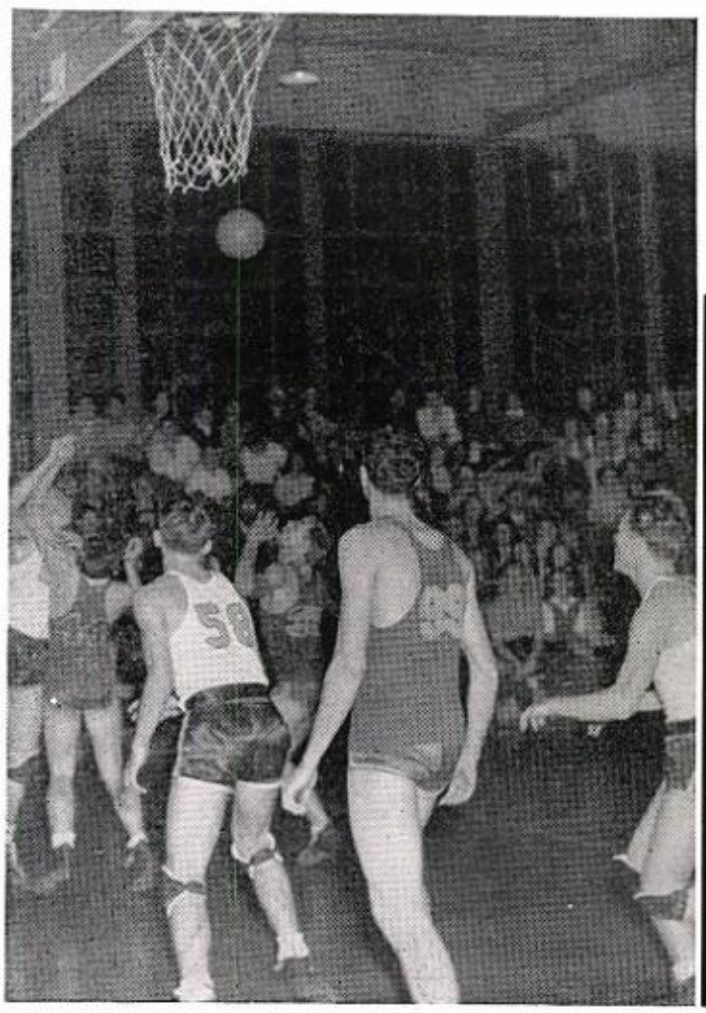
Benners stops on third floor, but the opposing center missed the elevator.
Chalk another two points for Hi Park!

BASKETBALL

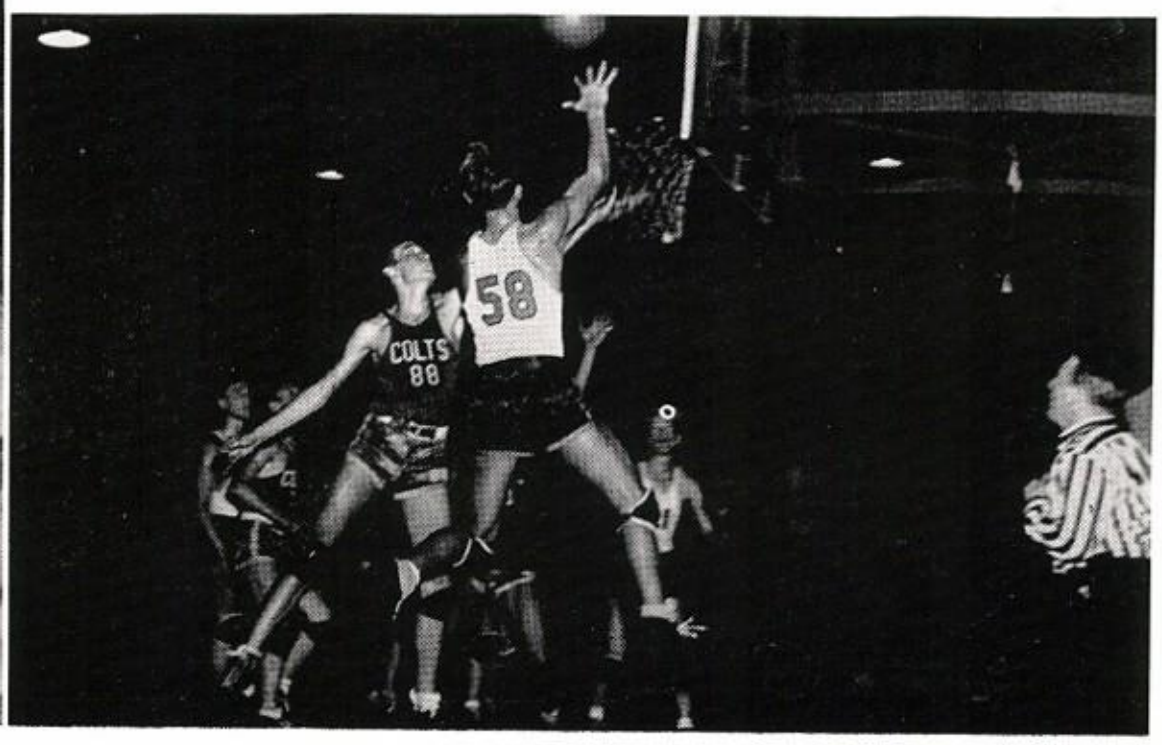
At this time the Scotties were strengthened by the addition of many players from the football squad. For the following game the cagers travelled to Fort Worth where they were barely nosed out by Carter-Riverside, 32-30. In the next two games, however, the Scotties showed much strength in defeating Greenville and Carter-Riverside in our own gym.

In the first games of the District competition the Highlanders defeated Arlington and Denton, but in the third game Sulphur Springs defeated us 35-29. Returning to the win column, the Scotties defeated McKinney, Arlington, and Denton, but again their winning streak was stopped by Sulphur Springs, 32-25. The Highlanders ended their season with a smashing victory over the McKinney Lions, 71-37, and finished in second place in their district.

Despite the fact many players were delayed in starting basketball because of a late football season, the Scotties ended the season with a very good record. Much credit is due to the fine coaching of Ralph Binnion and also to the hard work and practice of everyone on the team. Much tribute should be given to Fred Benners, Scots' ace center, who was high point man for the season, and to Carl Wallace, Leo Fikes, Charlie Chester, Tam Mott, Bobby Maxwell, "Ace" Owens, and all the other demons of work and perspiration who were members of the Scottie team.



Whoops—that Riverside sure missed!
The Colts didn't look too frisky on this one.



The "King" cinches a quick one in royal style.

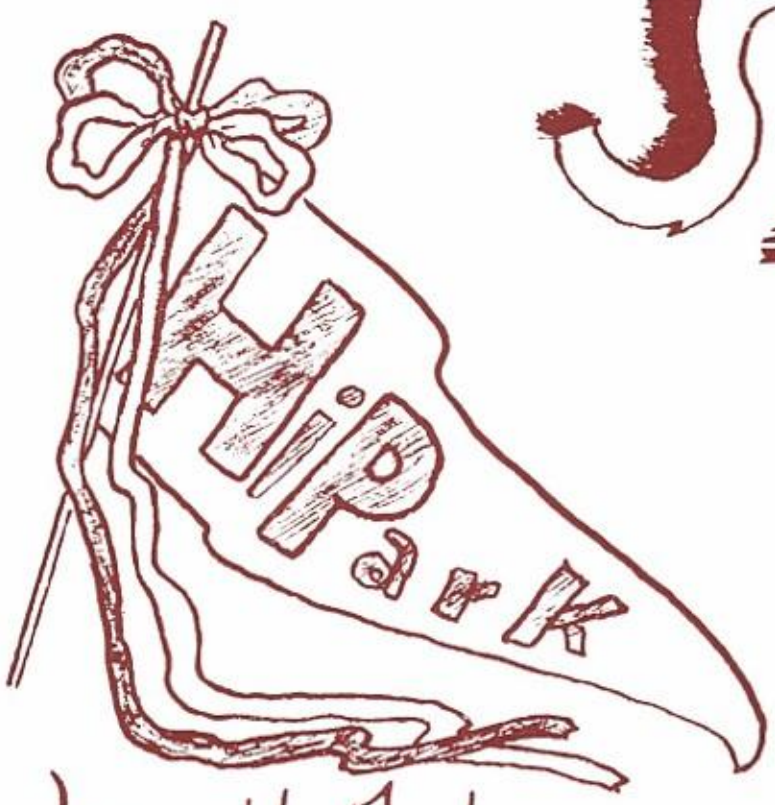
GIRLS' SPORTS



Lanell Andrews

Is it true
what they say about Texas?

Watson, Berry, and Van Buskirk in huddle over intramural schedule.

GIRLS' SPORT

This page is paticularly for the benefit of the boys, the girls in choral club, and all others who are just naturally ignorant or vague on the subject of girls' sports. No, the boys are not the only ones who can be athletic because most girls also were endowed with good muscles and vim, vigor, and vitality.

All girls who enjoy sports are eligible to take part in the intramural activities. These games are played after school between four and five o'clock. When the teams sign up, they designate the days on which they prefer to play—either Mondays and Wednesdays or Tuesdays and Thursdays. The winners of the Monday-Wednesday League play those of the Tuesday-Thursday League; however, the winners of both leagues have their picture in the annual. In basketball there are two separate divisions—the major and the minor leagues. Each of these has a winner and a runner-up. (Complicated, isn't it?)

Besides these intramural teams each of the six gym classes has a class winner and an all-star team. Each all-star team is composed of eight girls—the best from each of the eight teams in the class. These teams are eliminated until there emerges a winning all-star and a victorious class team. Are you still with me?

If you will bear with me a little longer, I will attempt to tell you something about each sport; however, if you are one of those "know-it-alls" who knows everything about everything—well—you are dismissed.

The first six weeks of the fall semester is given to those round, rubber rings called tenniquoits. The object is to catch them (in one hand, of course) without juggling or dropping same and to cast them back over the net with that powerful arm of yours. If your throw is so topsy-turvy or so twisted that an opposing player is not able to hold it—well—congratulations—you have probably made a point.

We have now come to the sport which even the boys try to play—basketball. This is perhaps the favorite of most of us even if it is a task to put that round leather sphere through the hoop.

Next on the program comes pingpong and badminton. There are doubles and singles in both games and although much time is spent in chasing pingpong balls and in dodging the flying feathers of the birdies, the games are finally over and a champion or champions are heralded as victors.

As we begin the spring semester, we learn the art of first aid—thus enabling us to treat the person injured in our next sport—tumbling. Great life!

That brings us to volleyball, the game in which one's cooperation and skill are tested even if it is just to shove the ball back and forth across the net.

Last, but not least, we come to that age-old sport which is also attempted by the boys—softball. We are sorry to say that the winning softball teams cannot be honored by having their pictures in this book because they would be taken too late to be put in the Highlander—for truly, the Highlander must go to press.

Aside from intramural sports, let's say a word about the girls' sports clubs—the Riding Club and Rifle Club. The members of the Riding Club take a jaunt every Tuesday and Friday unless hindered by the forces of nature. The Rifle Club has shooting matches to improve their marksmanship—if possible.

To the gym teachers, Miss Penelope Van Buskirk, Miss Gynne Watson, and Mrs. Elsie Berry, we want to extend to them our appreciation and thanks for the help that they give us in learning the arts of these sports.

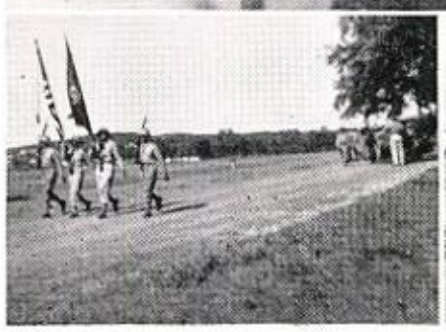
Band

As usual the Hi Park band has been adding to its laurels, the most notable of these being a "1 plus" rating won at the state contest at Waco, the first such rating ever won by a Hi Park band. One hundred and sixty-six medals were gathered by eighteen ensembles and twenty-five soloists. Also, fourteen band boys attended the all-state clinic in Waco in February; and about sixteen attended Camp Dallas.

Trips to Wichita Falls, Paris, Denton, and Fort Worth kept the band on the move during the fall of 1945. The band boys are still listening to a recording made of the announcer's description of their maneuvers at the Cotton Bowl game before a crowd of 46,000.

In addition to the routine of R.O.T.C. parades, inspections, and daily rehearsal, the band held two radio programs over KGKO, participated in the Highlander Music Festival, and gave assembly programs at senior high, junior high, and the grade schools. On the lighter side our band "did things up brown" with the two band picnics and the annual banquet. In both work and play the Highlander band under the excellent direction of Col Emerson J. Boroughs has acquitted itself in true Scottie style.



MILITARY LIFE

Sharpshooters all the way—and there must have been some bullseyes 'cuz the Sarge looks relieved.

We don't know what Admiral Nimitz thought; but from where we were jammed, Hi Parwers did themselves proud. Inspection—what is inspection???

Cadets cut capers at the Corps' classy Regimental.

Eyes right, shoes polished, buttons shined, and hopes high—it's Tuesday.

Colors flying at Camp Dallas—and it looks like the sun's shining, too.

Wonder if Camp Dallas inspection causes as much grief as any other inspection.

Sergeants exchange remarks—bet soome rookie was out of step!

Officers of the Officers Club: Amory Oliver,George Freeman, Jim Miazza, Cole Manes, Tom Leachman.

TEXAS *is on the March!*

TEXAS is on the march INDUSTRIALLY . . . driving forward under full power to provide more jobs and continuing opportunities for its people. During war years, Texas demonstrated its industrial capacity and capability when its industries fulfilled $6,418,-810,000 worth of war contracts involving the production of planes and parts, explosives, synthetic rubber, steel, magnesium, gasoline, oil, and a long list of other materials and supplies requiring skilled labor.

During the war years, Texas' industrial production rose from $450,000,000 annually to two and one-half times that amount on war contracts alone. This has resulted in expansion of plant facilities and labor force, and peace-time plans which call for even greater industrial production than during the war.

As rapidly as building materials and machinery become available, Texas cities and towns are witnessing the building of new and the expansion of existing factories and shops. Texas has everything needed by and for industry . . . an abundance and diversity of raw materials and natural resources for converting into manufactured products, mild climate, excellent transportation facilities, highly intelligent and easily trained native labor . . . and abundant cheap electric power. Furthermore, Texas is the gateway to the Latin Americas, whether by land, by sea or by air.

By the processes of reconversion and by wise and careful planning, Texans are determined to make the most of their state's vast resources.

Texas Power & Light Company, a pioneer Texas institution, joins all of Texas in inviting the immediate attention of American industrialists to the opportunities offered by the Lone Star State.

As abundant, dependable and low-cost electric power from TP&L transmission lines was a vital factor in producing for the war, so is it now in producing for peace. This Company's industrial-minded manpower, as well as its vast power facilities, are at the disposal of those seeking to develop new or to expand existing industrial opportunities in Texas

ESTABLISHED 1919

THE YOUTH OF TODAY
. . . THE MAN OF TOMORROW

Charles F. Kettering has said, "I am most interested in the future because that is where I am going to live."

This future is an alluring and exciting vista of wide horizons in opportunity and accomplishment, a constant pursuit of happiness and security. The greatest danger is in the *fool's gold* of the quick and easy. It is a fallacy to speak of *coming up the hard way* because this implies there is an easy way—nothing is worth having in this life if we have not put our own effort into its attainment and its proper use once we have it.
